THE NUGGET.

DAHLONEGA, GA., SEPT. 2, '98.

Entered at the Dahlonega, Ga. P. O. as Second Class Matter.

On Aug. 27 orders were given for eight regiments to be mustered out.

Gen. Longstreet says that all sectional feeling has been obliterated.

Public schools will be opened at Santiago and 4000 children will attend.

The latest report shows that the taxable property of Georgia has decreased \$7,753,379.

It seems that all the Georgia privates want discharges, while the officers wish to be retained.

Spain does not like to hear that our government may retain the Luzon Island and probably more, which makes her mad.

The army worm is devastating the cotton crop in many parts of Texas. In some counties thousands of acres have been ruined.

A colored Baptist deacon was arrested in Macon last week charged with having committed a felonious assault on his own daughter.

One hundred and fifty sick soldiers reached Atlanta one day last week from Fernandina, Fla., and are now at the hospital at McPherson.

We understand that a cave fell in at the Franklin mine last week while the hands were all out, covering up much machinery. It is near 500 feet under the bed of the river and may have to be abandoned.

T. M. Adams, democratic candidate for the legislature of Chattahoochee county, was shot and killed one night last week at a political gathering at Giles, Ga., by W. H. Bagley, the populist nominee for the legislature.

The populists and republicans are fusing in many counties. It is a little singular that the pops will talk about the two rotten old parties and then agree to combine in order to try to defeat the democrats. Any thing for an office.

James Brown, who has just returned from Jackson county in forms us that another murder was committed in that county last Sunday was one week ago, Virgie Guffeth, col., was shot by Ed. Fields, her admirer, while returning from church. Virgie started home with another beau which displeased Fields, and he fired the fatal shot.

Several wagon loads of water-melons were destroyed last Saturday by voters who came in to hear Hon. W. L. Peek speak. They enjoyed the candidates treat in the absence of the speaker, for he did not come nor send in any reason why he didn't. C. M. Ferguson, the chairman of the party of this county, interested the members of the party as well as the spectators, with a short talk. They meet again on the 9th.

At the populist meeting in Dahlonega last Saturday some one suggested that they only request the Signal to publish the proceedings of their meeting because the editor of the NUGGET had quit politics. We don't know who he was but will wager a year pension that he owes some man for his paper and borrows the NUGGET. We are disgusted with politics, but still give the news of all political parties.

T. H. Martin, who visited McPherson hospital the other day tells the readers of the Constitution that there are 1000 sick and wounded soldiers there that are being treated like animals. Only 50 nurses to care for this large number, being the largest of any hospital in the United States. They came to Atlanta in the clothes they had worn in battle. The blood from their wounds had clotted and putrified upon their cotton uniforms. It is horrible to think that these wounded soldiers should be treated in this manner.

Public Speaking.

I will address the citizens on the general issues of the day at the court house in Dahlonega on next Tuesday at 11 o'clock. Every body invited. I will divide time with my opponents.

W. H. McAFEE.

The Spanish minister of war has announced that all mines have been removed from Havana harbor.

More than 25 candidates are on the track in Lumpkin county keeping the political pot boiling both day and night.

It is whispered that either V. A. Higgins or C. M. Ferguson will be nominated for the legislature by the populist on the 9th.

The state of Alabama has succeeded in increasing the value of taxes to over \$10,000,000 while here in Georgia there is a big falling off.

The condition of Spaniards at Santiago is pitiful. A hospital ship left on the 27th ult. with 1000 sick Spaniards and 3000 yet remain at Santiago.

The candidates in this county are not using near the liquor that they did two years ago. The people are getting tired of it being used for political purposes and are setting down on it.

Col. Peek failed to fill his appointment in Fannin county and other places. It may be that he found the roads too rough, and the mountains too steep to climb in the interest of the populist candidates.

The announcement of W. H. Courtney for senator will be found in this issue. He was nominated by the populists of White county Saturday, making the second time that he has been nominated to make this race. The first time he declined, but after the second nomination he decided to comply with their wishes and has accepted and is out now canvassing the three counties—Lumpkin, White and Dawson—which compose the 32nd Senatorial District. Mr. Courtney passed through Dahlonega Tuesday last on his way to Dawson county. The new candidate is no stranger to the people of these three counties for he represented them in the Senate once and knows everybody. No doubt he is the strongest man the populists could find and one that will make it lively for Col. Underwood, his opponent.

Mrs. C. H. Hart left for her home in Ohio this week. It is rumored that her husband will resign as general manager of the Hall Mse Co. and will join her later on. Who will take his place is not known yet.

If you have any thing to say through the columns of this paper make it short and sweet and to the point if you wish it to appear unless there is a good deal of money in it for the printer. Life is too short to read long winded communications these days unless they are very important and interesting.

M. R. Moore was taken suddenly sick while at Auraria last Tuesday and it was expected that he would die before a physician could reach him, but soon after the arrival of Dr. Jones he administered the proper treatment and he soon got better and will likely be on foot again in a day or two.

We had a very pleasant call last Wednesday from Miss Sallie Reed, who was on her way back to Clarksboro, after spending some weeks with relatives in Lumpkin. Miss Sallie renewed her subscription to the NUGGET, saying that she could not get along without it. We return thanks for the compliment.

Archie Meaders went out to his watermelon patch last Tuesday afternoon and caught two colored hunters devouring his melons, which will probably be left for discussion before the next grand jury. The negroes told the owner that the melons were rotten but as you know a negro is not likely to go into a patch and eat rotten melons. We knew a man who had to leave this county many years ago to keep from going to the chain gang for having assorted melons in this manner without the owners consent.

Advice to Consumptives

There are three great remedies that every person with weak lungs or with consumption itself, should understand. These remedies will cure about every case in its first stages; and many of those more advanced. It is only the most advanced that are hopeless. Even these are wonderfully relieved and life itself greatly prolonged.

What are these remedies? Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. Be afraid of draughts but not of fresh air. Eat nutritious food and drink plenty of milk. Do not forget that Scott's Emulsion is the oldest, the most thoroughly tested and the highest endorsed of all remedies for weak throats, weak lungs and consumption in all its stages.

See and \$1.00; all druggists.

J. F. Moore is moving his stock of goods from the Big Joe to Dahlonega.

Nothing could be done in the mines yesterday on account of the heavy rain.

Jess Chatten cut his foot severely last Wednesday while working on the Besser House.

Mr. and Mrs. T. S. Littlefield, of Gainesville, are up on a visit to friends and relatives.

Miss Emma Anderson, daughter of Isaac Anderson, is still dangerously ill and will not live long unless there is a change soon.

Don't send your job work away because you want it to appear in blue. We have this kind of ink and are ready to accommodate you at any time.

A candidate that is not interested enough to patronize his home paper is not expected to be of much benefit to his county if elected.

The first "turn" of new corn in this county was ground at Wimpy's mill last Monday, which was raised by James Blackwell, one of the most industrious men in the county.

Mrs. C. H. Hart left for her home in Ohio this week. It is rumored that her husband will resign as general manager of the Hall Mse Co. and will join her later on. Who will take his place is not known yet.

If you have any thing to say through the columns of this paper make it short and sweet and to the point if you wish it to appear unless there is a good deal of money in it for the printer. Life is too short to read long winded communications these days unless they are very important and interesting.

M. R. Moore was taken suddenly sick while at Auraria last Tuesday and it was expected that he would die before a physician could reach him, but soon after the arrival of Dr. Jones he administered the proper treatment and he soon got better and will likely be on foot again in a day or two.

We had a very pleasant call last Wednesday from Miss Sallie Reed, who was on her way back to Clarksboro, after spending some weeks with relatives in Lumpkin. Miss Sallie renewed her subscription to the NUGGET, saying that she could not get along without it. We return thanks for the compliment.

Archie Meaders went out to his watermelon patch last Tuesday afternoon and caught two colored hunters devouring his melons, which will probably be left for discussion before the next grand jury. The negroes told the owner that the melons were rotten but as you know a negro is not likely to go into a patch and eat rotten melons. We knew a man who had to leave this county many years ago to keep from going to the chain gang for having assorted melons in this manner without the owners consent.

Politics are now getting hot in Lumpkin county. We now have one republican and four democrats in the field for the legislature and a populist yet to come.

It comes to light now that 900 Spaniards lost their lives several weeks ago in a storm while trying to escape from the insurgents, hoping to surrender to Admiral Dewey.

J. V. Harbison, one of the democratic candidates for the legislature of Lumpkin county will open the campaign with an address at the court house tomorrow night at 7 o'clock. He proposes to divide time with his opponents for the legislature.

Mr. John Betz, the owner of a valuable gold mine at Auraria has recently visited his property and is well pleased with the progress of its operations. It is said that from five to seven pounds of gold is gotten out at this mine every week.

The friends of Hon. Lewis Davis at Toccoa tendered him an elegant banquet at the Edwards House a few nights ago. Lewis is an old Dahlonega college boy and we are always glad to hear of any of them being entertained in this manner. He leaves for the far West in a few days.

An order will be issued by the Gainesville City Council at its next meeting prohibiting disreputable women, black or white from being on the streets after 9 o'clock in the evening. This example should be followed by Dahlonega's town council. Then the moonshine rides would come to an end.

The life of Lieut. Tiffany was not more precious to the country than that of any other brave and stainless soldier. But his personal prominence attracts attention to the terrible fact that a soldier whom the enemy's bullets spared can lose his life from his country's failure to supply him fit food and nursing when battle is done. Many more have died similar deaths, others are yet dying day by day. Some one is at fault for the waste of lives. It is the duty of Congress to point out the criminals. The nation will charge itself with their punishment, and swift death blindefold before a file of riflemen would be bliss compared with life in that insupportable blast of public scorn.—EX.

Cemetery Lots.
Notice is given to all persons owning lots in the Cemetery, that the same must be cleaned up and all rubbish removed by the 15th inst. After which the Town Council will proceed to have the same done at the expense of the owners. By order of street committee.
G. D. HAYES, Marshal.

ANNOUNCEMENTS.

FOR THE SENATE.

At two different meetings of the populists of my county they have said that I am the choice to make the race for the Senate of the Senatorial District. I have accepted the nomination and now respectfully ask the voters of the three counties for their support at the ballot box in October.
W. H. COURTNEY.

According to the system of rotation which obtains in the 32nd Senatorial District, the Senator to represent said district in the next General Assembly is to be selected from the county of White. Responding to the expressed wish of the people of said county, I announce myself a candidate for the Senate at the election to be held on the first Wednesday in October next.
J. W. H. UNDERWOOD.

FOR CLERK.

To the voters of Lumpkin county: I am a candidate for re-election to the office of Clerk of the Superior Court. I am very thankful to the people for their support and will, if re-elected, serve them faithfully and to the best of my ability. I respectfully solicit the aid of all.
J. H. MOORE.

I respectfully announce myself as a candidate for clerk of the superior court of Lumpkin county and ask the support of all voters regardless of their race or politics and promise if elected to serve them to the best of my ability.
G. C. WALLACE.

FOR TAX COLLECTOR.

To the voters of Lumpkin County. I announce myself as a candidate for re-election to the office of tax collector. Thanking you for past favors and hoping my efforts to serve you for the past year will meet your approval, and if so I feel sure I will have your support in the coming election.
Yours Truly,
J. F. SARGENT.

We are requested to announce the name of George W. Walker, Jr., as a candidate for tax collector of Lumpkin county who promises to discharge the duties of such office to the best of his ability and to the satisfaction of all if elected.

FOR TAX RECEIVER.

We are authorized to announce the name of J. A. Anderson for tax Receiver of Lumpkin county at the ensuing election in October.

FOR COUNTY TREASURER.

To the voters of Lumpkin county: I take this method of announcing my candidacy for re-election to the office of county treasurer and hope to receive a hearty support from you. Thanking you for past favors and hoping for a continuance of the same, I am yours respectfully.
E. F. JACKSON.

We are authorized to announce the name of W. H. Reid as a candidate for County Treasurer who proposes to discharge the duties of such office to the best of his ability and endeavor to please all.

FOR THE LEGISLATURE.

We are authorized to announce the name of J. V. Harbison as a candidate to represent Lumpkin county in the House of the next legislature.

To the voters of Lumpkin county: Having been solicited by many friends, I hereby announce myself a candidate for the legislature, and if elected promise the people to make them a faithful and efficient member, asking the support of the voters.
S. M. GRIZZLE.

I respectfully announce myself a candidate to represent Lumpkin county in the next legislature of this state and will appreciate the votes of my friends and if elected will do all I can for the county's best interests.
F. M. WILLIAMS.

I respectfully announce myself as a candidate to represent the county that gave me birth, in the next general assembly, and true to my convictions, should I be honored, I pledge you that I will represent my county to the best of my ability and solicit your favorable consideration to my candidacy.
W. H. McAFEE.

FOR SHERIFF F.

At the request of many voters I have decided to make this race for Sheriff of the county the vote of every voter in the county and if elected I shall try to give the satisfaction of the people.

FOR SHERIFF F.

To the voters of Lumpkin county: I announce myself as a candidate for Sheriff of Lumpkin county and respectfully ask the voters to give me their support. If elected I will faithfully perform the duties of such office to the best of my ability.
Respectfully,
J. M. DAVIS.

We are authorized to announce the name of James H. Anderson for sheriff of Lumpkin county at the ensuing October election who expects to be in the race until the polls are closed that evening.

To the voters of Lumpkin county: I hereby announce myself as a candidate for sheriff of Lumpkin county and earnestly ask your support at the ballot box at the October election, promising to make a faithful officer if elected.
J. M. BEARY.

To the voters of Lumpkin county: At the solicitation of my friends I announce myself a candidate for sheriff at the October election and earnestly solicit your help at the polls.
Respectfully,
S. D. GRINDLE.

To the voters of Lumpkin county: At the solicitation of many friends, I hereby announce myself a candidate for Sheriff of Lumpkin county. I am in the race to the end, and, if elected, shall do all in my power to make the people a faithful and efficient officer.
R. N. MAYES.

To the voters of Lumpkin county. I hereby announce myself a candidate for Sheriff of said county soliciting your liberal support at the polls. Hoping my candidacy will meet your approval and that I may receive your hearty support which will be long remembered and highly appreciated, promising if elected to discharge the duties of said office in an efficient obliging manner.
J. W. WALKER.

FOR COUNTY SURVEYOR.

I hereby announce myself a candidate for the office of Surveyor of Lumpkin county and will appreciate any assistance which the voters will give me in the coming October election.
A. W. CARL.

J. F. MOORE.

THE NUGGET.

DAHLONEGA, GA., SEPT. 2, '98.

Rev. W. H. Parks and Prof. Stewart went up to Demorest last week.

The Commissary changes hands this week. C. W. Satterfield goes out and James Tate goes in. Capt. Ingersoll has sold out to Mr. Tate.

The daily mail from Dahlonega to Gainesville is being carried by a U. S. soldier—Jess Adams, who is at home on a furlough.

Cager Landrum, who moved from this county to Floyd near 25 years ago, was in Dahlonega last Saturday and Sunday visiting relatives.

There are three Pecks at Wahoo that take the NUGGET. We want one more in order to have a bushel. Send in a dollar so as to make the measure complete.

We regret to learn that the public school taught by Lee Landrum in Martin's Ford has suspended for lack of the required attendance being 15, as desired by the board.

A married woman, desirous of getting a glimpse of her "spicy"—who is also wedded, ran over the cat and came near colliding with the fence last Sunday. Keep your eye on the NUGGET if you want to be posted all about the public as (well as some that try to be kept private) events of the day.

Certain citizens of Dahlonega who went up to the Dahlonega camp ground and held prayer regularly every night and morning, ceased praying as soon as the meeting was over, and we don't have any idea that any of them have thought of the Lord a single time since. Oh, how deceitful we all are.

We do not wish to swell our already large subscription list unless there is money in it, or something that is just as good. We do not want any small rotten loads of wood on subscription, spoiled pickled beans, decayed cucumbers or old worn out socks. We are like the preacher, want money or the best article of produce.

We have received a communication this week giving the names of certain candidates for county offices that are traveling around over the county treating on liquor and getting beastly drunk themselves, but we will not publish it for the respect we have for their wives and little children. How can men expect to be elected and do this way? It's a shame and a disgrace.

The revenue officials came over from Ellijay last Tuesday in the Lingerfelt settlement and destroyed an illicit distillery, which is said to have been reported to Marshal Grizzle, of Dahlonega, two weeks previous. Mr. Grizzle went out the next day but the prize was gone. They poured out forty gallons of liquor and the misery and distress it saved cannot be calculated.

A big mining deal was made in Dahlonega last week, being the Crescent Gold Mining property situated near our town containing 200 acres of valuable mineral lands. Deal was made to Messrs. Drake & Co., of New York. The mine was already in operation but will begin now on a much larger scale. This property was thoroughly tested before the sale and the new owners know exactly what they possess.

The one dollar per gallon wine—being sold by a party near Dahlonega puts it in the reach of every one that can raise a few dimes. It is a very nice business to conduct on the Lord's day but still the traffic was carried on last Sunday, and there is no use denying the fact any longer, for their own actions disclosed the whole secret Sunday when two men and a boy got their wine, emptied the bottles, threw the paper stopper away and came on into town. A fellow came along and picked up the stopper, unrolled it and found it to be a last weeks NUGGET with the dealers name written on it.

Five persons will be baptized at Jay on the 3rd Sunday of the present month.

Miss C. Shelly, of Gainesville, who has been up on a visit for some time left for her home last Tuesday.

W. H. Jones has laid down the yard stick and gone off on a visit to relatives in Cherokee to be absent a few days.

The government is advertising for a contractor to carry the Yahoola mail twice a week. Bids will be open until the 9th inst.

The widow of John B. Graham at Two Run, has been sworn in by the bondsmen as post mistress until the department at Washington appoints a new post master.

F. D. Boatfield informed us Tuesday that he now had the first glass lamp that was ever brought to Dahlonega, which he purchased from T. H. Kilgo, the exact number of years ago he can't remember.

There is an old man in Dahlonega about 80 years old that wishes to wed. Now, if it was in the Mormon country some of these women that are not satisfied with one husband, might reverse the rule and take him in.

One of the members of the Board of Education requests us to state that the town schools will begin on the 14th inst. under the same teachers and under the supervision of the county board of education for the present year.

Zed Wright, a teamster from Gainesville, and S. B. Sligh, a medicine man from St. Louis, hired a hack and team from B. R. Meaders & Son Monday night and after securing the proper amount of wine got two "society" women and started out for a moonlight ride, although it was cloudy and raining, but the company and wine made everything pleasant and agreeable until the hack turned over near the Hand mill and all were dropped out into the mud in a pile breaking the hack and causing Zed to have to go away with a stiff leg, but the women were not the kind to be hurt. Next morning at 5 o'clock the men came in, looking like wounded and worn out soldiers returning from the battle of Santiago, with no money to pay damages, lively and hotel bills. It was a serious time for the new drummer. In the afternoon he succeeded in making security for all this, and both departed for Gainesville at 3 o'clock with no money but an abundance of experience.

Shortly afternoon last Monday the sad intelligence of the death of Mrs. T. H. Worley who took her own life by drowning herself at Cane Creek Falls, reached town. The lady's mind had been unbalanced at times for some four or five years. She frequently threatened to kill herself and had to be watched constantly. About 10 o'clock on Monday she made an excuse to step out. In a short time her husband asked his son, who was out about the stable, which way his mother went. The son told, and his father directed him to go and bring her back. Soon the son returned and informed his father that he had failed to find her. Then they both began a search. The boy was directed to go a direct course to the Falls, a mile distant, as she had threatened to go there several times before and end her life. The husband went another way to the place, hoping to overtake her if she had gone that course. The seventeen-year-old son reached the creek first and there found his mother lying dead in the water. He caught hold of her body and pulled until he got her head out, hoping to save her, but it was too late. All life was gone. The news was sent out and in a short time her many relatives and friends were on the spot. By authority of the coroner the body was carried to the house and an inquest was held the next day and a verdict returned in accordance with the above. Her remains were interred at Jones' Chapel cemetery Tuesday afternoon.

Mrs. Mollie McAfee has returned from an extended visit to White.

A Mrs. White, who resides at Demorest, was in Dahlonega last Saturday for the purpose of moving here and educating her seven children.

Tom, one of merchant McGees little boys, panned out 20 grains of gold in a few hours near his father's in the suburbs of town one day last week.

A couple of males and females rode around and inspected the mines by moonlight until 12 o'clock Saturday night. It is an excellent time to see gold.

A woman dressed up in breeches the other night and went out in company with a married man in search of her husband. It is said to have been a fine couple.

Capt. J. W. Woodward and Mr. R. W. Walker went down to Gainesville last Monday in company with Mr. Drake, one of the recent purchasers of the Crescent Gold Mining property.

Bill Thomas, who resides over on Yahoola, at the foot of the Findley Hill, had a fight with a pilot which he found in his yard the other night, but he succeeded in killing it before it got possession of his house.

Col. J. H. Moore, of Canton, is in our midst again. The Colonels presence is always enjoyed. He takes the town easy and makes every thing pleasant and agreeable. He is at his same old quarters—Park Street Inn.

Sheriff Brookshier, Wm. Jones, Homer Strickland, Ed. Meaders and a number of others went down to Lumpkin camping Sunday. The day was cloudy and we expected those that hadn't been sprinkled would be, but they didn't.

G. McGuire is going into the undertakers business in Dahlonega. This is something new in our town and persons desiring to secure ready made coffins will find it much more convenient than to have to send down to Gainesville or Silver City for them.

Merchant Ben Anderson, who has been drinking pot liquor and gnawing cherry tree bark for near two weeks seems to be getting better, as we saw him last Monday morning standing on the side walk in front of his store whistling the tune, "I am going home to die no more." Yellow jaundice scarcely ever fails bringing a man to repentance.

While Mr. Kingsbury, of Auraria, was in Dahlonega last Saturday, we enquired how he was progressing at his operations down at the Pendergast. He reached into one of his coat pockets and drew out a good sized quinine bottle containing some of the nicest nuggets we have had the pleasure of seeing in a long time. The bottle was more than half full, which he said was a clean up. The number of pennies weights we did not learn for we were so carried away with the quantity and quality of gold that we imagined ourselves in the Klondike region and never thought of enquiring. Mr. Kingsbury is moving along all quietly, making no big rackets. While others are engaged in making the noise this gentleman is panning out the precious metal.

The colored campmeeting commences near town next Wednesday and a big crowd of both white and black may be expected and but little good will grow out of it as it is election year and politics take the day, besides campmeetings will soon be a thing of the past as they have become more of a social gathering than anything else, and the Lord will not put up with this mockery of religion much longer. There are good comfortable buildings for people to serve the Lord in without having to go out into the woods. We don't know whether the blackberry man will be down this time or not from White. But we guess he will, as he sold out a barrel up there last year at \$2 a gallon or 5 cents a drink and Judge Kimsey only charged him \$10.

Prof. Stewart will still remain at the Bassenger House.

G. McGuire leaves for Atlanta this week to lay in a general line of undertakers goods.

Mrs. John Barker and her young sister-in-law were fined \$2 each and cost last Monday by the Mayor.

Miss Bessie Miller, of Auraria, returned home on a visit last Monday with Miss Blanch Gurley and spent a day or two with her.

An interesting revival has recently closed at Hightower church near the foot of the Blue Ridge resulting in fine conversions.

Mrs. D. T. Harris and her two daughters, Misses Estelle and Ethel, returned home last Monday after being absent for some time.

Capt. F. W. Hall has been a great help in giving laborers employment by his recent improvements on the Besser. It is supposed that he has spent near fifteen hundred dollars on the building. This puts a good deal of money in circulation.

Persons who register should be compelled to comply with the law and not be allowed to make their mark. It has already caused trouble among some of the candidates who did this and may cause their defeat before they have time to explain matters.

W. H. Reid started out electioneering Monday. He seemed to be pretty well "healed" as he had a twist of home made tobacco two feet long which he treats the voters on instead of liquor. But if one gets sick on it it will be worse than a overdose of liquor, for he would not get well until long after the election is over.

It will be seen by a notice elsewhere from the town marshal that all parties having lots in the cemetery are requested to clean them up by the 15th inst. If they are neglected it will be done at the expense of the owner. We are a loss to know by what authority the council has to prevent a man from letting weeds and briars grow up on his lot if he prefers them to flowers.

Sunday wine drinkers seem to have a good deal of trouble. Henry Edmonson, who had been a little funny last Sabbath and took in Last Chance, came in Monday according to instructions of the Marshal and paid his respects to Mayor Price who fixed his fine at one dollar with the usual trimmings. Others will follow. Maybe by the time they have to pay out all the money they can raise and scrape this kind of sport will come to an end.

Last Sunday was a week ago we are told that Tom Childers, while in an intoxicated condition, fired off his pistol within about one hundred yards of the church where services were being held. Judge Kimsey will probably be requested by the next grand jury to make him pay something for this kind of Sunday sport. If people can't do without drinking they should not visit churches and disturb the congregation. If they do they should pay well for it.

Old Aunt Sallie Seabolt, the last inmate of Lumpkin county's Paupers so called Home, died last Saturday evening at the age of about 98 and was buried at Yahoola cemetery the following day without the presence of a single relative as none of them had been notified that she was dead until the day after she was buried. This makes the seventh person that has died there since the institution was founded two of them having been burned to death. The old lady died off in a little house that had been selected for her and about a week before she died a visitor went to see her and found her lying there without any pillow upon which to rest her weary and aching head. We hope that another person will never be so unfortunate as to have to go to this place. The whole concern should be closed up and sold out and the proceeds given to those that need help.

Mayor Price charged Manuel Garret \$2 and cost—\$5—for vomiting on the public square the other night. A big dose of wine caused it. Pretty expensive.

Col. Price informs us that we were mistaken about his age last week. He is not three score years and ten by several years yet but we hope he will reach that mark and even more.

A petition was being circulated and signed by our citizens last week asking that postmaster J. C. Brittain keep the special war tax stamps for the convenience of those who often have occasion to need them here.

Last Sunday little Carry, daughter of Sheriff Brookshier, while playing over at the college dormitory, ran off of the end of one of the high porches and was painfully injured. Fortunately no bones were broken, and she will soon be all right again.

Boy Thomas' calf fell into his forty foot well last Sunday. Boy thought more of the calf than the preacher seemed to think of his sick wife, some time ago, for he went to work, if it was Sunday, and relieved its suffering.

The Methodist preachers will rejoice when we tell them that Duckett and Quillian came over from Hall county and caught five foxes on their trip last week in the upper edge of this county. Chickens were getting so scarce up there that ministers disliked to go into the settlement.

Dr. Waddell, who has been a resident of Dahlonega for some time, turned over the Hall House to J. F. Castleberry, the newlessee, yesterday and left for his old home in Marietta, together with his family. Our business relations with the Dr. have been very pleasant and we disliked to see him and his family leave us.

Every body and their cousins will be here next Friday at the reunion of the old soldiers to hear the band play and to see those old veterans meet in annual session again. Their number is gradually decreasing and in the course of a few more years these pleasant gatherings will be a thing of the past.

Your attention is called to the announcement this week of W. J. T. Hatcheson who is making the race for sheriff of Lumpkin county. John is well known to the people of the county as being a man that is fully able to transact the business of this office. He at one time held the office of tax collector and filled it to the satisfaction of all.

We are informed that the Ordinary has rendered the sick man, Adams, who resides over on the river some assistance. Poor people are to be pitied when they get into this condition and should receive attention. No man, matters not how well off he is, knows but what he will lose all his worldly goods and have to be supported by the county in his old age. A well to do man, who was once clerk of the Superior Court of Lumpkin county in his younger days, not long ago had to be sent to the paupers home to keep from suffering, after getting too old to earn a living by his manual labor.

James E. Wood, who has been lingering for some time at his home in Auraria, died last Friday night at 12 o'clock. Uncle Jimmie was one of Lumpkin's most highly respected citizens and his death will be regretted by all who know him. His age is 82. He came to Auraria from Forsyth county more than fifty years ago where he settled down and has been a resident ever since. The deceased was postmaster at the time of his death, which position he had held for many years to the satisfaction of all. Mattered not what political party went into power Uncle Jimmie continued to hold his place. His remains were interred by his Masonic brethren last Sunday at the Auraria cemetery in the presence of a large concourse of people.

The college opens next Wednesday and a large attendance is expected.

Judge Tate has every thing ready to begin work on Bearden's bridge, as soon as the rainy season ends.

Drummer Sligh, who was in the moonlight ride Monday night claims that he lost \$40 during the fun.

Prof. Vickery, after spending more than two months with relatives at Hartwell, returned this week.

M. G. Head has authorized us to withdraw his announcement for sheriff, who is in the race no longer.

Mrs. Jane Peck, who received some injuries at her home in Shoal Creek district last week, was unable to walk at last accounts.

The old Besser is beginning to present the prettiest appearance of any house here. Capt. Hall knows how to put on the finishing touch.

C. J. Norwood, general superintendent of the Singlet'n and Kentucky mines, returned last Saturday after being absent some weeks.

Miss Nannie Bell and Miss Buford Thompson, of Swainsboro, after spending several weeks in Dahlonega, returned home last Wednesday.

Rev. T. K. Postell, the great-revivalist who used to live in Lumpkin county, has married since he was here last and is now in charge of a church at Dalton, so we are informed.

Mr. R. Palmour, and wife of Dawson county, were up again last Tuesday in search of a house. They made an inspection of the Besser and it may be that they will occupy it.

Mr. T. L. Worley requests us to return his thanks to his neighbors and friends for their many kind favors extended to him during his recent trouble in the loss of his wife.

R. D. Gurley is going to build a stage on his lot in rear of the Methodist church. This is a move in the right direction. Several could be rented, as comfortable houses are in demand now.

J. L. Gaddis and J. S. Chester have proven beyond a doubt that cotton can be successfully grown in Hightower district near the foot of the Blue Ridge. Mr. Chester first introduced the cotton culture up there last year as an experiment.

The Ordinary thinks that he will be able to reduce the county taxes ten cents on the hundred if not more. The state taxes have increased ten cents on the hundred which, with the reduction of the county taxes spoken of, will make about the same as last year—\$1.30.

The upper mail line to Gainesville has been discontinued and the daily goes across from New Bridge to Murrayville. The offices above being supplied by the carrier that goes from there to Cleveland. This change was made without any one in Dahlonega knowing it—not even the postmaster. The change will be to the disadvantage of our town as three streams have to be crossed 'between New Bridge and Murrayville that have no bridges and many times during the winter and rainy season they cannot be forded and we will have to do without our mail. Some one is at the bottom of this that is unfriendly to Dahlonega. It is believed by some that Col. Farrow, the postmaster at Gainesville, is the prime mover in this matter who will, later on, have the Porter Springs mail to go from Murrayville instead of Dahlonega. It may be that the Colonel desires to get even with Dahlonega because she didn't cooperate with him in a proposed telephone line to this county. If the Colonel doesn't kick about this change it won't hurt him as he is a well wisher to it if not the instigator, for unless the Porter Springs mail is changed from Dahlonega on the route mentioned it will be an injury to his business at the Springs.

Franklyn Square, New York.

THE NUGGET.

DAHLONEGA, GA., SEPT. 9, '98.
Entered at the Postoffice at Dahlonega, Ga., P. O.
as Second Class Matter.

Gen. Shafter has reached Maun-
task point.

The Atlanta Journal is the best
evening paper in the South.

The water was higher in South
Georgia than ever before.

At Havana lard is selling at 20
cents per pound and meat 60.

Over twelve thousand soldiers
were ordered out of service last
week.

Admiral Severa and his officers
have orders to proceed to Madrid
at once.

Another effort is on foot to have
the state accept the soldiers home
in Atlanta.

Bigs have been opened at the
navy for 1,000,000 pounds of
smokeless powder.

The last Rabun grand jury con-
sisted of Col. Fletcher Johnson for
solicitor general.

The storm at Tybee relieved
4000 soldiers of their tents, being
blown into the ocean.

The middle of the road populists
met in annual convention in Cin-
cinnati last Monday.

John B. Redwine, the missing
money lender of Atlanta, has been
located in San Francisco.

On the 3rd 50 people died in
New York from the heat. Twice
as many prostrated. Forty died
the next day.

Lieut. H. S. Morgan, of Valdes-
ta, and two other men were
drowned at Tybee during the
storm on the 1st inst.

Col. Nesbitt, commissioner of
agriculture, says that the yield of
cotton will be from 10 to 20 per
cent less than last year.

All the recruits for the reg-
iments of the Fifth army in Geor-
gia—4000 in number, have been
ordered to Montauk, Long Island.

All three of the Georgia reg-
iments have been retained in the
service for the present. Seventeen
other regiments will be mustered
out.

Jimmie Stephens and Clyde
Scott jumped into the lake at
Demorest one day last week and
were drowned. Their ages are 10
and 12.

Gen. Shafter blames the govern-
ment for sending soldiers to yellow
fever districts during summer,
and says that they should not have
been sent over to Cuba at that
time.

Hobson won't give up the task of
saving the Colon. He says if the
government backs out that he
will ask the people for \$500,000 in
subscriptions to carry on the
work.

The yellow fever is spreading at
Taylor, Miss. It was not infected
last year and the board is unable
to find an origin for the disease.
A shot gun quarantine has been
established at many places.

A strange insect, worm or blight
is ruining grown bolls in whole
fields of cotton near Columbus.
The bolls which a few days ago
were perfectly sound and healthy,
are now black and decayed.

The storm at Savannah last
week was very destructive to
property. That city lost about a
quarter of a million dollars. The
wind blew 75 miles an hour. All
summer resorts were demolished
and launches and small boats in
the river were blown away and
destroyed.

The recent freshet did much
damage to crops, railroads, etc.,
throughout Georgia. Railroads
were tied up and traffic suspended
last week on the Central on
account of washouts. Every house
in Savannah was said to have been
damaged. Most destructive storm
in twelve years.

W. H. McAfee Withdraws From the Race.

Having since my candidacy bus-
ness developments of a recent
date which will prevent me from
making a thorough canvass of the
county, I withdraw from the race
for representative. Thanking the
people for the complimentary man-
ner in which they have spoken
of me in the support of my candi-
dacy. Respectfully,
W. H. McAfee.

Sept. 7, 1897.

Campaign Opens in Lumpkin.

According to announcement Mr.
J. V. Harrison, one of the demo-
cratic candidates for the legisla-
ture, opened the political ball by
making his maiden speech at the
court house last Saturday night to
a goodly number of voters, con-
sidering the inclement weather.
The speech was pronounced good
by those who heard it—and his
manner of delivery was a surprise
to all present. In brief he said
that he was a democrat, was in
favor of our college and all public
schools, but was opposed to the
stock law. He saw no way to re-
duce taxes unless it was done by
cutting down the school fund and
pensions of confederate soldiers
and widows. This he was opposed
to. He favored both educating the
children and giving to all sol-
diers that were entitled under the
pension law. In alluding to some-
body being opposed to him because
he had been in the revenue business
he said that he held a commission
from the government and had done
nothing that he was ashamed of
while in the discharge of his du-
ties. When he closed Mr. W. H.
McAfee, one of his opponents,
arose and gave an interesting talk
on the same line. He too was in
favor of education in all its branch-
es and was a friend to the old con-
federate soldier and favored pay-
ing him for his services. It is the
first time any candidate has pub-
licly announced in the court house
that he would not use liquor in the
election. Both did this. The cam-
paign between these gentlemen is
very peaceable and agreeable. They
cast no words of abuse or criticism
at each other. Mr. McAfee said
that the experience that he had had
in the Georgia legislature as Sena-
tor did, he thought, give him the
advantage of his young friend and
opponent, Mr. Harrison.

Your Doctor Knows

Your doctor knows all about
foods and medicines.
The next time you see him,
just ask him what he thinks
of Scott's Emulsion.

of Cod-Liver Oil with Hypo-
phosphites. We are willing
to trust in his answer.

For twenty-five years doc-
tors have prescribed our
Emulsion for paleness, weak-
ness, nervous exhaustion, and
for all diseases that cause
loss of flesh.

Its creamy color and its
pleasant taste make it es-
pecially useful for thin and
delicate children.

No over-indulgence of cod-
liver oil is like it. Don't lose
time and risk your health by
taking something unknown
and untried. Keep in mind
that SCOTT'S EMULSION
has stood the test for a
quarter of a century.

See and get it at all druggists.
SCOTT & BOWNE, Chemists, New York.

Arkansas goes democratic.
Jones, for Governor, wins by near
30,000.

John Reed, of Nashville, was
stung to death one day this week
with honey bees.

Samuel and Dewey will get a
fortune in prizes. The former
gets \$40,000 and the latter \$9,000.

Rev. J. T. Gibson is now in the
newspaper business in Rome, and
will shortly start a daily and enter
politics actively.

Mr. D. T. Harris is moving to
the Big Joe mine in Hall county.
His children will remain here
and go to college.

The fever situation is now seri-
ous. The disease is spreading and
the cities and towns in Mississippi,
Louisiana and Alabama are rapidly
quarantining.

Most of the Cubans have grown
weary of hunger and several hun-
dred have marched into Santiago
and surrendered their arms to
Gen. Lawton.

East Tennessee has been swept
by a flood and the damage to prop-
erty is enormous. Several cloud-
bursts are reported and the mem-
bers of one family were rescued
from their floating home.

A ten stamp mill is being made
for the Crescent Gold Mining Co.
by the Gainesville Iron Works.
A number of extra hands were
added to the force this week in
building roads, etc., and all things
are moving along like clock work.

Dorsey who murdered his rela-
tive in White county some time
ago and disappeared, was never
heard of until recently. He en-
listed in the army and wanted to
fight Spaniards. Now, we recon
if he is mustered out that he will
again disappear and never be
heard of again.

Last week was the time for Rock
Springs and Loudsville camp
meetings to convene in White
county—one colored and the other
white, but we don't expect either
was largely attended on account of
the rainy weather. No one went
from Dahlonega. Doubtless this
rain saved White county hundreds
of dollars trying defendants who
nearly always misbehave at these
camp meetings, more especially
the colored for it is attended by
both white and black and much
bad conduct generally results from
it.

Last Monday was the first trip
made by the contractors since the
daily mail has been changed via
Murrayville and the driver coming
this way got to Dahlonega at 8
o'clock, some three or four hours
late. After awhile when the days
get short we will often miss getting
our mail until the next day as it
is difficult to travel over the rough
roads after dark in the winter sea-
son, while in cities the residents
get their mail delivered to their
doors from two to three times a
day. We would enjoy this but ev-
erybody can't live in cities and we
have to do the best we can.

W. H. McAfee, another candi- date for legislative honors on the democratic side of the house, made a short but interesting address last Tuesday at 11 o'clock which was listened to very attentively by a goodly number of voters. He made several additional remarks to his address delivered Saturday night, by touching upon S. M. Grizzle's republicanism and Capt. Williams' intemperance, both be- ing his opponents. Mr. Grizzle was present, who stated that he had been making a quiet race, but if it was the wish of his opponents to stump the county that he would be with them. Up to the present the campaign has been very quiet but it seems now that every cross road in the county will be visited where the candidates will meet and have a battle with their oratory. Later, Mr. McAfee has withdrawn from the race.

It was our intention to publish the proceedings of the late populist meeting at Dahlonega but they were unable to get them. We sent to chairman Higgins at Auraria and he said that we could get them from Capt. J. W. Woodward, the senior editor of the Signal. The Captain said that we could secure them at any time, and further stat- ed that some one made a move in the convention that they only be published in the Signal but that he had them to withdraw this and a motion carried, that they should be published in both papers. When we got ready to publish them or give a synopsis of them the senior editor of the Signal was gone and the junior editor of that paper in- formed us that they were not so we could understand them but he would fix them up and furnish us the proof. This he didn't do. The junior editor of that so called populist paper, (which has never lost its readers what populist op- poses Col. Tate for congress) has a thin coat of democracy spread on him and why it was that the popu- list proceedings were put into his hands to "fix" we cannot say. Any way they were "fixed" so as to show that they were intended to appear in that paper only. We only make this explanation to show the conservative populists why the proceedings didn't appear in the NUGGET. As far as the "stiff necked" ones, or those that belong to any other party are concerned we don't care. If they don't like the NUGGET we don't want them to take it. We are not going to have our hands tied by no political party any more. We will vote for the man hereafter and not the party, and others can do as they choose.

FOR THE SENATE.

At two different meetings of the populists
of this county they have said that I am the
choice to make the race for the Senate of
this Senatorial District. I have accepted the
nomination and the people of this county
will vote for me. I will pass upon the same at my office in
Dahlonega, Ga., on the 3rd day of Octo-
ber 1897, at 10 o'clock, A. M. This
Sept. 9, 1897. W. H. C. TATE.
Ordinary.

Cemetery Lots.

Notice is given to all persons own-
ing lots in the Cemetery, that the same
must be cleaned up and all rubbish re-
moved by the 15th inst. After which
the Town Council will proceed to have
the same done at the expense of the
owners. By order of street committee.
G. D. BRUCE,
Marshal.

Mr. Whorton is opening out a commissary down at the Calhoun.

Merchant Will Jones has returned after a trip of several days.

R. Palmour's family of Dawson county, will occupy the Imboden house.

Mrs. Joseph Allen has returned from her visit to her old home in Greenville, S. C.

The colored people have decided to have no meeting at their camp ground this year near Dahlonega.

Joseph Ferguson has returned to Dahlonega and moved into the east end of the J. F. Moore building.

Miss Lizzie, a sister of B. F. Satterfield, died last Sunday in Yahola district after a long spell of sickness.

Robt. London, who was in town Monday, stated that his folks had lost about 300 bushels of corn by the freshet.

To-day is the day set apart for the reunion of the old Confederate soldiers but it depends upon the weather whether there will be much of a turn out or not.

Last Tuesday while a funeral was being preached at the Methodist church and preparations being made to lay one of our old citizens to rest a certain candidate for sheriff was escorting men back and forth to a stable treating them on liquor. Is this the kind of a man you want to put into the sheriff's office?

As will be seen by our announcement column elsewhere the friends of C. W. Stargel have thought proper to put his name before the public as a suitable and worthy person to hold the office of tax receiver of Lumpkin county. Mr. Stargel has been a life long citizen of Lumpkin and his qualifications for this position cannot be questioned. He is fully able to transact the business of the office if elected and to discharge the duties connected with it without sharing his salary with any one to help him.

The daily mail commenced leaving last Monday at 8 a. m., half an hour earlier than usual. The government is advertising now for bids to carry the daily through by Murrayville. Then it will leave Dahlonega at 7:45 a. m. and will leave Gainesville not later than 11 a. m., being much earlier than the present schedule which again will be to the disadvantage of Dahlonega as the train is frequently later arriving than at that time and we will miss the morning dailies. But our citizens are going to kick against these changes and ask that the tri-weekly be reestablished and the daily be changed back to the same old route. We want our mail facilities to increase and not to decrease as they are now doing. One man should not have the mail routes changed at will when it is to the disadvantage of a whole town and a great portion of the citizens of the county.

Mrs. Clarissa Webb, formerly of Dahlonega, died very suddenly in Atlanta last Sunday. She went over and sat up with the corpse of Mr. Besser on Saturday evening and was expecting to come to Dahlonega with the family. Next morning after eating breakfast she became suddenly ill and died in a very short time. Her daughter, Mrs. Emma Parshal, who has been spending the summer in Dahlonega, was telegraphed to but she and her husband had gone over into Fannin county and could not be reached at their exact whereabouts was not known. Doubtless if they had have known it in time her remains would have been brought to Dahlonega and interred by the side of her mother, Mrs. Marony, who passed away but a few years ago. It will certainly be sad news when it reaches the daughter and her husband who are off on a pleasure trip.

H. C. Dobbs, wife and children spent this week at Prof. Stewarts.

The damage to the roads, farms, mills and bridges cannot be estimated. People from the lowest to the highest were all damaged.

Col. Farrow was down from Porter a few hours last Saturday. The passenger hacks to and from that place to Gainesville will travel via Jones bridge the rest of the season.

Dr. Waddell had everything packed and the wagons loaded to leave for Marietta Thursday of last week but the flood kept him here until Monday, when he left having a rough road to travel on account of the many washouts.

We saw a white married man out taking a game of marbles the other day with three negroes. The hot headed republican newspaper men of the north cannot truthfully say now that the negroes in the south especially in Dahlonega, are not being mistreated.

O. D. M. Gaddis, who left this county only a few years ago for Arizona a poor young man has become rich. Only a short time ago he offered a Dahlonega gentleman a salary of \$1,500 per annum to go there and keep books for him. This shows what energy and perseverance will do.

Persons having anything for publication or any information to give us must hand it to us in person or sign their names to it. This is a better way than putting it on a slip and sticking it under the office door. We don't want your name to publish or give way, but desire it for our own protection.

Two or more of our street lamps have been injured so that they are of no benefit to the town, by some night prowler who wants his mean acts hid from the public. We are sorry that there any such people among us. The sooner the devil takes them to his quarters the better it will be for the community.

There is a sign in the court house that reads, "Five dollars fine for eating melons in the court house." One of the candidates stepped up to it the other day and made an effort to read it but failed. Should our citizens elect a man to an office that can't read nor write they will find that it will give them much trouble.

The other day a certain fellow who had been on a protracted drunk got in a stupor towards the last and after getting so that he could whisper imagined that he had lost his mouth. No doubt it would have been best for his wife and children if this had have been true and he had have been deprived of it long ago.

Newton Mays, who is a candidate for sheriff, will not be troubled by any of his opponents in his settlement unless they travel many miles out of the way to get there since the bridge has washed away across the Chestatee at W. H. Satterfield's. However, he was caught on this side of the river and had to stay in Dahlonega from his wife and babies about a week.

We have been asked to move the Nugget office to Cleveland by citizens of White county, who pay us a very high compliment in their letter. We must decline for the reason that we never could get our consent to leave old Lumpkin, even to go to the Klondike region. The citizens of our native town and county are giving us a liberal patronage and we think it best to let well enough alone.

Since the tri-weekly mail line from Gainesville to Dahlonega has been discontinued it would be of more importance to our town and the county generally to build the bridge at the Neisler Ford instead of Beardsden. If the citizens cannot get the mail re-established and Col. Farrow will continue to contend that the route is not of enough importance for us to have it we do not see any use of building a bridge that will benefit him more than any one unless we can get his cooperation in such matters that are of importance to our citizens generally.

W. J. Burt went down to Atlanta this week to get some data from the Comptrollers office to be used in a campaign circular which he will issue soon.

B. R. Meaders has been doing business in Dahlonega longer than any other merchant in the town. H. D. Gurley is the next. His business was established in 1875.

Corn meal has been unusually scarce for some days. Both Wimpy's mill and Moores were damaged and no grinding could be done at either of these mills for some days.

Monroe Satterfield died in Davis' district last Friday. He had been afflicted for a long time and no doubt he is now gone to rest where pain and suffering are not known.

Col. Price was absent in Atlanta during the freshet last week and found it very difficult in swimming through the water in the Union depot in that city, owing to his heavy weight.

Rev. W. G. Spencer was employed by the ordinary to survey out the new road from the Chestatee river to Dock Andersons this week, which road will be constructed at an early day.

The Hall House is alive with capitalists and mining men to-day. The register shows the following names: F. R. Adams, Delaware, O.; C. N. Curry, Cincinnati, O.; E. R. Barnett, Winston, N. C.; Robt. J. Webb, New York; R. R. Treadwell, Cincinnati, O.; J. W. Adams, Chattanooga, Tenn.

Candidates Moore and Williams got water bound up in Chestatee last week and had to remain longer than they expected. Some of the grist mills were slightly damaged in that neighborhood and a considerable amount of corn and the soil were swept from a number of farms.

A man and his supposed wife and grown barefooted daughter passed through Dahlonega a foot last Monday morning. The man led a dog, carried a child in one arm and had a shovel on the other shoulder. No body knew them, but it is supposed that they are on their way to the Klondike region.

There is talk of a much needed change being made in the road across the Findley Hill so as to enable our citizens to reach Gainesville much easier and in fewer miles. Capt. Hall will contribute liberally towards the construction of a bridge across the river on the route, so we are informed.

Jess Brookscher and Warren Hendricks undertook to cross Cane Creek near A. L. Wimpy's last week on their way home in Union, and the water was so swift and deep Brookscher came near being drowned. He got excited and instead of swimming out of the creek went up the stream until he was almost exhausted before his companion could make him realize what he was doing. Then he went across and got out all right. Their team reached the bank safely without any damage. It was certainly a narrow escape for Mr. Brookscher.

Just about the time that Judge Tate had made his calculation so as to reduce the county taxes twenty cents less than last year, a big freshet set in Thursday of last week and swept away Beardsden's bridge and damaged several others. Tearing up the roads generally. It is the most destructive storm than we have experienced in a number of years, even being more destructive to crops, bridges, fences, etc., than the one of three years ago. Every gold mine in this neighborhood was damaged except the Preacher. Their mill was the only one that was able to begin running last Monday. The Calhoun dam didn't go, but we are informed that near \$100 worth of lumber was washed away. Beardsden bridge will be constructed as soon as possible and all other necessary repairs made that come under the supervision of Judge Tate.

Sheriff Brookscher's little boy Carl has the fever.

We are glad to learn that Miss Emma Anderson is slightly improving.

Town Marshal Bruce has been busy this week patching up the streets and side walks.

Mrs. Witherspoon has returned from quite an extended visit to her friends and relatives below.

John Anderson, col., picked up a nugget on the square after a rain the other day that weighed fifteen grains.

One of the firm of Smith Bros. at Porter Springs who had been over the Blue Ridge last week got into a swollen stream while returning drowned all of his fowls -100.

Will Stephens and some other colored boys of Dahlonega brought in another chicken destroyer last Monday, which made the preachers all smile who saw it. It only gave them an hours chase.

Dr. Vandergriff, of Porter Springs spent a few hours in Dahlonega last Monday. The Doctor has drank so much of that mineral water that he has shedded his moustache since he was last in our town.

The heavy storm on the head of the Chestatee river Sunday afternoon damaged the bridge across the stream near the Chestatee law ground. Judge Tate went up to examine it Tuesday and have it repaired.

We have been liberally patronized by some of our business men and Professors of the college during the past few days with a lot of job work. Let others follow their example and help support a paper that is the life of the town.

G. McGuire has returned from Atlanta and opened out in the Hughes store house with a large lot of ready made coffins of all sorts and sizes and various prices. Besides he keeps a general line of coffin material. He is no stranger to the people of the town nor county. Read his ad in this issue and then call and see him.

Last Wednesday afternoon the family of Prof. Witherspoon became very sick and commenced vomiting just after eating a melon purchased from Mr. Reeves, residing in the lower part of the county. Dr. Jones was sent for at once. It is supposed that some one had been stealing the farmers melons who put poison in some of them and brought one of these to market through a mistake. Putting poison in melons is dangerous.

C. A. Besser, another old resident of Lumpkin county, died at one of his sons in Atlanta last Saturday afternoon and his remains reached Dahlonega Monday night, very much to the surprise of our citizens as none of them had heard of his death, although he had been very feeble for a long time, and having no relatives here to take care of him had gone there to remain until the summons was given. He said awhile before he died that he wanted to stay one more night in his little house here in Dahlonega. When his remains arrived they were carried to the house where he had spent many lonely weeks and months with no relative nearer him than Atlanta, but he seemed perfectly content and happy. The deceased was a member of the Methodist church in Dahlonega and of the Masonic Lodge the members of which laid him to rest in Mount Hope Cemetery last Tuesday afternoon. Mr. Besser was a German by birth and came to the United States when 21. He came to Dahlonega in 1841 and for many years followed the taylor and mercantile business. In 1850 he went to California, where he remained a few years and returned to Dahlonega and afterwards accumulated a good deal of property. He was born June 1, 1811. Mr. Besser had been married twice, both of his wives having gone on before. His remains were placed between the graves of his two companions, both of whom he had loved dearly.

Jess Adams, who has been here on a thirty days furlough, leaves for his regiment to-day.

M. J. Williams has gone to Union county to see his brother Fulton who has been down sick about two weeks.

The large number of Porter Springs visitors have been reduced down to about 40. Thirty-five left last Sunday.

Miss Katie Keys, formerly of Dahlonega but now of Hall, was wedded to Frank Edmonson near the Big Joe mine last Sunday.

Some people say that they never read a newspaper but let us tell about catching some fellow kissing a man's wife and then they are willing to pay an extra price for the Nugget.

I. C. Edwards the contractor for the new school house in Dahlonega arrived Wednesday and gave a bond of \$500, and will begin work as soon as possible. He gets \$1,750 for the work.

We noticed the names of John Hynds of Gainesville, his wife and her sister, Miss Willis, on the Burnside register yesterday. The ladies had been spending the summer at Porter. I. C. Edwards, of Atlanta, and Claud Walker's names also appeared.

Both the Dahlonega college and public schools open next Monday. Cadet West, manager of the dormitory, has already arrived and is receiving bids for supplies for this department of the college. H. D. Gurley was the lowest bidder and got the contract.

The stage horses gave out the other day while Col. Charters was going down to Gainesville, and he had to walk all the way to New Bridge, wading through mud and fording all the branches as the logs were all washed away. He had his breeches rolled up and presented the appearance of the lone pilgrim.

There is some talk of a meeting being held by our citizens to night at the court house so as to take proper steps asking the department to let our mails from here to Gainesville run on the same routes and schedules as heretofore. Our people are not pleased with the way they are being treated and will hold their tongues no longer.

The Morganton mail rider brought the news last Wednesday that it is believed that Mrs. Mary Stover and her 14 year old boy were drowned in the creek on James Gurleys farm on the 3rd ult. They started to mill in an ox cart on that day and have not been found. No doubt they were washed away by the swollen stream. It is stated that an ox has been discovered about 3 miles below lying on a drift but the water has been so high people could not get to it to see if it was Mrs. Stovers.

There are now 10,000 lbs. of furniture in the Gainesville depot for the college dormitory. There are twenty rooms in the building and each room will be fitted up with an iron bed std, spring, mattress, one table 2, chairs and a wash stand. The dining room is supplied with 40 chairs and the necessary tables. This furniture and 21 stoves, including a large one for the kitchen cost near \$400. There has already been 59 applications for accommodations in the dormitory by school boys, 19 more than can be cared for. But board can be secured at many other places in town.

One of our country subscribers residing between Dahlonega and the Garnet Mine, got on such an overdose of liquor the other night that he shook hands with his children, and told them to be good boys and girls as he was going to leave them. They wanted to send for a doctor but he said that it was no use for he was going to die. A neighbor boy was spending the night with his children and the man moaned so that this lad got up and ran home, a distance of half a mile, without stopping. We saw the man in town the other day and he looked as if he had been on a long journey and was somewhat under repentance. Such is life.

Much fodder is being damaged by the wet weather.

Mrs. Lilly Bryson was on a visit here to her sister, Mrs. M. J. Williams, last week.

Col. Lilly and Mr. R. W. Walker have permanently located and are taking their hash at the Hall House.

Mayor Price charging a fellow \$5 for a puke last week caused the wine drinkers to assemble somewhere else besides on the public square last Sunday.

Rev. John Forest seems to in a bad streak of luck. Just as he recovered from a spell of sickness so as to be able to walk about a little the rain came and swept his little crop of corn away.

John Jenkins returned last Friday from a trip to Cherokee county. He got water bound and left his horse and buggy and made part of the trip a foot, wading through mud and rain trying to cross above the head of streams.

The washing away of the high foot log at Wimpy's mill has made it very inconvenient for all the people in the settlement above. A flying machine would pay well now in Lumpkin county until all repairs on bridges and roads can be made good.

Four out of the five grist mills up in Yahola were swept away last week. Jarrards was the only one that escaped. Spencers in Porter Springs district, was damaged and all the others in above that we can hear of. It was certainly one of Uncle Sammie Smiths rains—a ground soaker and a trash mover, and we might add, a mill sweeper.

Not many nights ago we learn that Wm. Spencer, Jr., jumped out of the window of the second story of his fathers house near Porter Springs, a distance of seventeen feet, while asleep and ran forty yards before they could catch and wake him up. He dreamed that the house was on fire and lit out so as to escape. It is remarkable that this long jump didn't hurt him. Will should certainly join some show and go into the jumping business.

No mail from Morganton nor Ellijay from Thursday to last Monday. The rain that visited us was not local by any means. Porter Springs mail rider made daily trips all through the stormy weather but failed to make connection here Saturday and Monday. A part of the time he had to swim his mule to come, and several times went back in the dark as it was impossible for the Gainesville daily to reach here on anything like schedule time.

The repairs on the old Besser House have been completed, a new coat of paint has been given it, making it present a prettier appearance than any building in town. Capt. Hall has made the repairs substantial and really its foundation and much other of the work are better than when the building was completed about half a century ago when owned by Harrison W. Riley. Of course it will never present as lively appearance as when run by Gen. Riley. The people are not here now that were then and for years afterwards. They have gone where the iron horse runs so as to keep abreast with the times. Then the lab has been fixed so as not to permit the sport going on now as did then. Gen. Riley at that time owned the Frank Moore store house across the street where gambling went on both day and night and a platform or bridge connected that building with the hotel and the Generals brass band would march back and forth from the Moore building to the hotel furnishing music while the gamblers won and lost their money. Through the respect Capt. Hall had for Mrs. Riley, the mother of the General and Jess Riley, he put the room in which she died in a nicer condition than any of the rest. It has often been claimed that a bushel of gold and silver was buried under this room in an iron chest by the Rileys, but Capt. Hall lost no time in looking for it.

A Famous Tree Almost Gone.

"The famous oak tree under which William Penn, the great Quaker, made his treaty with the Indians over two centuries ago, was literally ruined by the relic-hunters and vandals," said J. F. McBride, of Philadelphia, who was attending the pattern makers' convention at the Lindell.

"All that remains of the treaty park now is a scarred stump a few feet high, and it is inclosed in a strong iron picket fence to keep the vandals away. This stump is located in Penn Park. Relic hunters for years chipped off the bark of the tree, and even cut into the trunk and carried away pieces of the wood, and even whole limbs were carried away. Finally, the brave oak could not withstand those ignoble attacks, and it died. At last the authorities came to their senses, when it was too late, and ordered a strong fence put around the stump of the tree."—St. Louis Globe-Democrat.

Dr. J. H. McLean's Liver and Kidney Balm is an unfailing remedy for all diseases of the liver, kidneys or urinary organs. It is a certain cure for Bright's disease, dropsy, diabetes, gravel kidney weakness, incontinence of urine, bed wetting in children, biliousness, liver complaint and female troubles. A trial of this great remedy will convince you of its curative power. Price \$1.00 a bottle. At J. F. Moore's.

The Strategy of Board.

"How about the way they are running this war," began the man who usually has a great deal of time on his hands.

"I've got no time to talk about it," answered Farmer Courtessell, who was figuring on a piece of brown paper with the stub of a lead pencil.

"Get the board of strategy!" "I can't help it. It wasn't none of my doin's in the first place. I've got to figger out how to make \$4.75 profit out of the city people that's comin' here to pay \$7 a week, and calculate just how much canned vegetables, dried beef and condensed milk we can get 'em to take without kickin' I've no time to think about any Board of Strategy. My time's completely tuck up with the strategy of board."—Pittsburg Bulletin.

A NEW TRIUMPH.

The Dreaded Consumption Can Be Cured.

T. A. Slocum, the Great Chemist and Scientist Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, external affections, general decline and weakness, loss of flesh and all conditions of wasting away, and to make its great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the NUGGET.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

Catastrophic and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 95 Pine Street, New York, giving explicit and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the NUGGET, Jan. 23.

NESBITT REVIEWS HIS STEWARDSHIP

The Retiring Commissioner of Agriculture to Farmers.

GRATEFUL FOR SUPPORT

He Gives a Brief Resume of the Innovations and Retrenchments Inaugurated Since He Took Charge of the Department Eight Years Ago.

DEPARTMENT OF AGRICULTURE, ATLANTA, Sept. 1, 1898.

As this perhaps be my last "monthly talk" to the farmers of Georgia before my successor takes charge of the affairs of the agricultural department, I wish through this medium to thank the people of the state and the farmers more especially for the manner in which they have "held up my hands" in my efforts to build up the agricultural interests of the state and to focus public attention on some of the more important agricultural issues of the day. I am indeed grateful for the consideration and cordiality which I have received from a large majority of my fellow citizens during my administration of the affairs of the agricultural department, and I feel that I owe it to myself and to them to give a short review of my stewardship since the entrusted me with so important work.

Notwithstanding the wise and beneficent administration of my predecessor, unclouded abuses had found their way into the agricultural department through the improper use of funds and fertilizers, and simple enough in themselves, reducing integrity of purpose rather than superior skill and knowledge, but which brought disproportionately large emoluments to the fortunate holders of such positions.

In justice to my predecessors it should be stated that the condition referred to was the result of an unforeseen and rapidly increased consumption of both oils and fertilizers, for which no provision was made in the state law of the state. At Madison central points like Atlanta or Savannah, under this system, as much as \$3,000 or \$10,000 annually, were received by individual inspectors of oils and fertilizers, these two offices being at that time consolidated. That is, one inspector received about as much as the entire supreme judiciary of the state. In 1890, when I took charge, the farmers, whose interests were especially to be served by the department, having found a few tares amidst an abundance of wheat, were in the front ranks of those who were willing to tear down an institution which had been built up mainly for their protection and guidance. I don't think I am assuming too much when I state that in the eight years of my incumbency the department has gradually been growing in favor with the farmers and that my earnest efforts to make it effectively and actively useful to them are even now bearing fruit. The state legislature was in session when I took charge in 1890, and I immediately suggested and urged the abolition of the system by which oil inspectors were receiving such exorbitant fees. An act allowing them to retain only \$10 per month out of inspectors' receipts and requiring them to make monthly returns to the state treasury of all receipts in excess of this amount, was approved Dec. 20, 1890, and since then by this innovation \$10,000 from oil and \$125,000 from fertilizers have been saved to the state and placed in the treasury.

In December, 1891, following the same line of retrenchment, the fixed salaries of the 12 guano inspectors were reduced from \$125.00 to \$85.00 per month, and only four of these were kept on duty the whole year, the others from four to six months. Here was another saving of several thousand dollars. The office expenses were also reduced by the salary of one clerk \$1,800.00 annually, and although the office duties have steadily increased until they have been more than doubled and trebled, the work has been carried on by the original number of clerks, with a slight increase of salaries.

During my administration the whole plan of fertilizer inspection has been revolutionized. The old plan was in fact, and before leaving the factories. The new bill, which is now the law, was most carefully planned to give full protection to both buyer and seller. It provides that the inspecting shall be done only after the fertilizer is shipped to different points and put upon the market in separate packages. The provisions of this law, such as to place Georgia in the lead as to the judicious and careful supervision of her immense fertilizer trade. This law, as compared with those in force in other states, is superior, which is evidenced by the fact that many inquiries have come on this subject to this department from different southern states. The Georgia fertilizer law has finally become the basis for similar laws in her sister states.

Another important change has been the removal of the state laboratory from Athens to the capital, where the important work of analyzing every brand put on sale in the state is carried on, and the immediate supervision and inspection of the commissioner of agriculture. This affords increased advantages and facilities to the state chemist in his daily routine work which has increased tremendously since 1890.

Another innovation which has made the department the medium of communication valuable information to the farmers throughout the state is the substitution of plate matter, furnished to the inspectors, for the circulars and bulletins previously issued. The "monthly talks" and answers to questions containing practical hints on topics connected with the farm, the garden, the dairy, the orchard and kindred subjects, have been issued as to time and season of the year, are published in the weekly papers of the state. These go to the remotest section of the state, and thousands of farmers, who are practically cut off from the usual sources of information, are thus reached and placed in touch with the busy world and kept informed on many subjects most valuable to their farm operations.

Besides these publications the department has issued a handsomely illustrated and useful "Georgia Farmer's Fair Play for Home-owners and Inventors," and in addition to this another larger volume has been prepared

and issued entitled "Georgia, Her Resources and Possibilities." The latter volume was intended as a sequel to "The Commonwealth of Georgia," and not only points out the various advantages made in the economic industries of the state, but shows by an exhibit of the resources of every county throughout her length and breadth what her boundless possibilities are. Both of these volumes have been widely distributed and widely read, and I believe have been largely instrumental in advertising the enormous advantages which our state offers to those seeking homes in a healthy section, where wise laws are rigidly enforced, and where the faithful laborer will in due time reap the rewards of faithful work.

To my record in the agricultural department I can refer with a feeling of just pride. The department has been elevated to a high plane of usefulness, and the farmers throughout the state are beginning to realize its importance and close relation which it bears to every line of their business. The opposition among them to the department, once so pronounced, has subsided, and it is with gratitude that I point to the fact, that my staunchest supporters have come from the ranks of the farmers, those who once so bitterly opposed it. I trust that the farmers will extend to my successor the same cordial support that they have given to me, and that he will rise to the full measure of the vast work yet to be accomplished through the Georgia department of agriculture.

It is the farmers who keep the life blood of our country in fresh, healthy condition. The business of farming feeds the whole people. It is the basis of the prosperity of our transportation lines in railroads and ships, as well as of all the money transactions of the country. It pays its own taxes and much besides that should be paid by the moneyed powers of the country. It sends the life blood coursing through the arteries of trade and commerce. It lies at the foundation of the moral and political power of the nation. Without its sturdy support all that is beautiful in literature and art and even in science, would languish and die. Statistics show that but for the infusion of fresh blood from the country into city families the latter would die in three generations.

It has been said that the success of a nation is measured by the condition of its agriculture. Granting this to be true, how all important that every means, agricultural departments, experiment stations, farmers' institutes, agricultural and mechanical colleges, agricultural societies, farmers' clubs, county and state fairs, in other words every educational engine should be used to elevate and broaden our agricultural interests. I believe that Georgia is on the threshold of a wonderful agricultural era. May her people, from the governor down to the humblest citizen within her borders, work harmoniously and together to secure the advantages which will accrue to each and every one of them, when Georgia becomes a self-sustaining state, buying largely, perhaps, but selling more.

R. T. NESBITT, Commissioner.

SILVER OR GOLD.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently and patiently upon the questions of the day. You all know what to take. You have known it for years. It is Simmons Liver Regulator—

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co., Take note but the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

Strictly high-grade Family Sewing Machine, possessing all modern improvements. Guaranteed Equal to the Best! Prices very reasonable. Obtain them from your local dealer and make comparisons. Eldredge Manufacturing Co. EASTERN OFFICE: 288 Broadway, N. Y. BELVIDERE, ILL.

A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the terrible, creepy sensation that existed in my arms, hands and legs. I had to rub and beat those parts until they were sore, to overcome a strange weakness in my back and around my waist, together with an indescribable 'room' feeling in my stomach. Physically, I was in a state of paralysis, from which, according to the medical profession, there is no relief. Once it fastens upon a person, they are bound to die. I have known a man die of it. It reaches a vital point and the sufferer dies. Such was my position. I had a severe attack of it a year and a half steadily, but with no particular benefit, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. Marvelous as it may seem, but a few days had passed, before every ill of that every feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had lost more from 170 to 135. Four others have used Dr. Miles' Restorative Nervine, with a recommendation, and it has been as satisfactory in their cases. I have written a letter to the Dr. Miles' Restorative Nervine is sold by all druggists, or by mail, at 25 cents per bottle, six bottles for \$1.50, express prepaid. It is free from opium or dangerous drugs."

"Blight"

costs cotton planters more than five million dollars annually. This is an enormous waste, and can be prevented. Practical experiments at Alabama Experiment Station show conclusively that the use of

"Kainit"

will prevent that dreaded plant disease. One prospector is not advertising circulars, however, but they are in great demand. Write for the results of latest experiments in this line, your name should have a copy. They are sent free for the asking.

THE NUGGET.

DAHLONEGA, GA., SEPT. 16, '98.
Entered at the Dahlonega, Ga. P. O.,
as Second Class Matter.

Premier Sagasta will resign as soon as peace bill is adopted.

Gen. Wheeler's son was drowned last week while bathing in the sea.

The yellow fever has broken out at Ponce, so says a special from Washington.

Several cases of yellow fever have appeared in the 5th immune regiment at Santiago.

The Towns county grand jury has again endorsed Col. W. A. Charters for solicitor general.

The Georgia Press Association will take in the Omaha Exposition on the 29th, leaving Atlanta on the 27th.

Gen. Wheeler says that war is a science, and thinks that we should have a standing army of professional fighters.

The Jasper Republican advises the republicans of Georgia to have nothing to do with fusing with either the populists or democrats.

A mob killed a negro in South Georgia the other night for assaulting a girl only 8 years old. It occurred six miles of Fowlstown.

The makers of coffins are forming a trust, and Atlanta manufacturers are invited to join a combine of 113 factories with a capital of \$15,000,000.

The attitude of the Philippine insurgents leaders is said to be coming more dangerous every day, and Uncle Sam may have some trouble with them yet.

The horse swappers of North Georgia will assemble at Dawsonville on the 26th inst. and exchange stock, drink liquor and have a good time generally.

The recent heavy rains have injured cotton in Georgia badly. A bale sold at Culloden the other day for only 2 cents per pound. This is a heavy blow to the farmers.

The people's party failed to have their meeting at Dahlonega last Friday. Some of this party as well as members of the other two parties, were too full of mountain dew to help make any political maps.

Gen. John B. Gordon has been asked by President McKinley to accept a position as a member of the commission to examine into the conduct of the commissary and medical department of the army, but he refused to accept.

The yellow fever in some portions of Mississippi has caused Memphis, Tenn., to close her gates to the world, and Greenville, Miss., requires health certificates while no passenger trains are allowed in Alabama.

Every mill on the Toccoa river in Fannin county has been washed away recently. The bridge across this stream at Mineral Bluff as well as the railroad bridge below has been swept away. Damages in that county amount to many thousand dollars.

Voter, you should remember that politics are already rotten enough without making any addition to the evil. So vote against the amendment electing the judges and solicitors by the people and let justice be done. We hope that we will never see the day that a man wanting this position will have to almost embrace a darkey, like we saw a candidate do the other day, in order to try to get his support.

It turns out that Mrs. Mary Stover, of Union county, who was reported as being drowned last week is still alive, hale and hearty. When she started to mine and found that the creek was too high for her to cross safely she went to a neighbor's house and waited until the waters abated. The woman and her fourteen-year-old son made three hundred bushels of corn last year and she is too industrious a female to be called off just now.

Local Chat.

John Chapman, who has been teaching at Silver City, is at home again.

Marshall Grizzle got a big still in Waboo district this week. The operator was absent.

The boys that went from this county will soon be discharged from the army.

Several bids have been put in for the carrying of the mail from Dahlonega to Yahoola.

John McGee, formerly County School Commissioner of Lumpkin, was over on a visit this week from Union county.

Prof. O. Palmour will have charge of the military department of the college until Captain Tilson or some other officer comes.

The Preacher commenced running his mill this week both day and night, which proves that the ore is getting more plentiful.

Capt. Hall has changed the name of the old Besser Hotel to "Hall's Villa," and has a sign out in front of the building to that effect.

The ordinary is having Long Branch bridge at London's rebuilt and hopes to have it ready for the traveling public middle of next week.

Buck Evans, who had misbehaved in a manner contrary to the laws of the town last Friday, came in Monday and was fined \$3 and cost.

We understand that the citizens across the river propose to build all necessary roads over there if the bridge is constructed at Neisler's Ford.

Each and every time you fail to get your paper let us know. Post masters are paid to deliver the mail when called for, and when they fail to do their duty they will hear from us.

Some one poisoned Judge Brittain's favorite dog last Wednesday and it died within a few minutes after eating the dose which was no doubt prepared for it and put on the porch of the post office.

The mother of Dr. Quince Roame, of Ohylike, Ill., died Aug. 26th, 1898. Mrs. Roame was born in North Carolina June 8th, 1834, and was a sister of Dr. N. F. Howard of our town.

We are leaving Half Way mail at the Dahlonega post office until some arrangements are made for that office to be supplied by a carrier. Any subscriber to the Nugget over there can get the whole package and distribute the papers.

We understand that some twenty five or thirty defendants and witnesses from Lumpkin county will have to be in Atlanta on election day in attendance upon the U. S. Court. Two candidates, J. V. Harbison and Geo. Walker, have to be there then.

We would like for the one that handles the mail in Gainesville to get the map and find out where Lula, Ga., is. Rev. A. F. Norton up there has missed receiving his Nugget three times in less than two months, and we have found out that the trouble is at Gainesville.

Another revenue prisoner has been lying in jail nearly all this week waiting for a warrant to be approved by the U. S. authorities and sent up from Atlanta. He is ready to give bond any time but is not permitted. What kind of a law is it that authorizes revenue officials to put prisoners in jail when they can't take a bond? An attorney, not residing in Dahlonega, is going to investigate the matter.

Applications have been made to Lumpkin Superior Court this week for two charters. One is David S. Drake, James A. Drake and Alfred Gammon, of New York, and Robt. W. Walker, of Lumpkin county, who desire to be incorporated under the name and style of "The Lumpkin Gold Mining Co." Capital stock \$50,000. The other is J. W. Adams of Tennessee, R. C. Thomson, F. G. Thomson and F. R. Adams, of Ohio, and H. D. Ingersoll of Lumpkin county. Name and style to be "Dahlonega Consolidated Gold Mining Co." Capital stock \$50,000.

The full session of the N. G. A. College opened last Monday morning with a large attendance under the management of President Stewart and an able corps of assistants. The outlook is more favorable for this institution than has been for many years. The dormitory which was built as an experiment is rapidly filling up and no doubt there will have to be more room added to it in order to accommodate all that want to take lodging there. Loads of students are arriving every day and if they continue to come much longer like they have for the past week every boarding house in town will be full of these lively young men.

A meeting of the citizens of Dahlonega will take place at the Court House to night to consider the proposed changes in the post route from Gainesville to Dahlonega. By request of many citizens.

W. P. PRICE, Mayor.

Public Meeting.

A meeting of the citizens of Dahlonega will take place at the Court House to night to consider the proposed changes in the post route from Gainesville to Dahlonega. By request of many citizens.

W. P. PRICE, Mayor.

Admiral Severin is now on his way to Spain with other prisoners of war.

The First and Second Georgia volunteers have been ordered mustered out.

Gold is said to have been discovered on the property of D. A. Stewart in Fulton county.

Sam Jones is now preaching at Cartersville. From six to ten thousand people go to hear him daily.

There are more than a million names on the government pension list now, and \$150,000,000 will be required to pay pensioners off this year.

War is horrible. The war between Spain and the United States lasted only 114 days. The killed in battle reached 260, and 2,130 killed by disease.

The Populists have had a convention and a great row in Cincinnati. Bitter discussion took place and there was a wide split, part of the self-constituted delegates leaving the hall. Wharton Barker of Pennsylvania, was nominated for President, and Ignatius Donnelly, of Minnesota, for Vice-President. These nominations were made by the middle-of-the-road faction of the convention. Senator Marion Butler, the national chairman, was denounced as a traitor to the Populist party.

How old she looks. Poor clothes cannot make you look old. Even pale cheeks won't do it. Your household cares may be heavy and disappointments may be deep, but they cannot make you look old. One thing does it and never fails. It is impossible to look young with the color of seventy years in your hair.

Ayer's Hair Vigor. Permanently postpones the tell-tale signs of age. Used according to directions it gradually brings back the color of youth. At fifty your hair may look as it did at fifteen. It thickens the hair also; stops it from falling out; and cleanses the scalp from dandruff. Shall we send you our book on the Hair and its Diseases?

The Best Advice Free. If you do not obtain the best benefit from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily corrected. Address, Dr. J. C. AYER, Lowell, Mass.

Delicate Children

They do not complain of anything in particular. They eat enough, but keep thin and pale. They appear fairly well, but have no strength. You cannot say they are really sick, and so you call them delicate.

What can be done for them? Our answer is the same that the best physicians have been giving for a quarter of a century. Give them

Scoll's Emulsion

of Cod-Liver Oil with Hypophosphates. It has most remarkable nourishing power. It gives color to the blood. It brings strength to the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate infants rapidly gain in flesh if given a small amount three or four times each day.

SCOTT & BOWNE, Chemists, New York.

Miss Helen Gould, who gave the government a hundred thousand dollars at the beginning of the war has authorized the National Relief Association to draw on her for \$25,000.

Six Savannah firms were indicted by the grand jury last week for selling cigarettes to minors. The grand jury in every county in Georgia where the law is violated should follow this example.

Provisions are still high in Cuba and the poor can't buy anything at all. There are thousands that are dependent upon Gen. Wood's four free supply depots. 51,000 rations were issued at these points last Saturday.

Time, which has been sadly blotted for many things, which has been blotted by the fierce wielders of the amateur poet's pencil as the brutal destroyer of beauty and youth, the monster that with an insatiable appetite, like the ravin, devours, space, consuming all in its capacious haw—Time, the much-abused, has merits, notwithstanding the railings of the sentimental.

Life were intolerable now to most under the conditions existing in the period when the memory of our grand-fathers, and to go back to the conditions of two thousand years ago were dead itself too many. True there was luxury in those days—luxury in many places to which the indulgences of the most luxury-living of modern Sybarites would seem but the plebeian necessities of life, beds of rose leaves, in literal fact, may have been the lot of a Roman emperor, his progress may have caused the awe of thousands in its magnificence and splendor, but he couldn't travel across the continent with the tireless servant, Steam, and there are numerous other things he couldn't do.

He couldn't visit an exposition like the one going on at Omaha—the Trans-Mississippi and International Exposition. And he couldn't travel on a Missouri Pacific train, and have the pleasure of realizing it is the best line to Omaha.

GEORGIA—Lumpkin County: Sarah J. Stargel having applied to me for a setting apart for one of a twelve months support out of the estate of W. C. Stargel, late of said county, deceased, and the return of appraisers setting apart the same being filed in my office. All persons concerned are hereby notified that I will issue upon the same a new office in Dahlonega, Ga., on the 3rd day of October 1897, at 10 o'clock, a. m. This Sept. 9, 1897. W. H. C. Tate, Ordinary.

Cemetery Lots. Notice is given to all persons owning lots in the Cemetery, that the same must be cleaned up and all rubbish removed by the 15th inst. After which the Town Council will proceed to have the same done at the expense of the owners. By order of street committee. G. D. BRUCE, Marshal.

ANNOUNCEMENTS.

FOR THE SENATE. At two different meetings of the populists of my county they have said that I am the closest to make the race for the Senate of this Southern District. I have accepted the nomination and now respectfully ask the voters of the three counties for their support the ballot box in October.

W. H. COFFERTY. According to the system of rotation which obtains in the 22nd Senatorial District the Senator to represent said district in the next General Assembly is to be selected from the county of White. According to the expressed wish of the people of said county, I am now notified to hold a caucus at the place of election to be held on the first Wednesday in October next.

W. H. COFFERTY.

W. H. COFFERTY.

FOR CLERK.

To the voters of Lumpkin county: I am a candidate for election to the office of Clerk of the Superior Court. I am very thankful to the people for their support in the past, and will, if re-elected, serve them faithfully and to the best of my ability. I respectfully solicit the aid of all.

JOHN H. MOORE. I respectfully announce myself as a candidate for clerk of the superior court of Lumpkin county and ask the support of all voters regardless of their race or politics and promise if elected to serve them to the best of my ability.

G. C. WALLACE.

FOR TAX COLLECTOR.

To the voters of Lumpkin County. I announce myself as a candidate for re-election to the office of tax collector. Thanking you for past favors and hoping my efforts to serve you for the past year will meet your approval, and if so I feel sure I will have your support in the coming election.

J. F. SARGENT. We are requested to announce the name of George W. Walker, Jr., as a candidate for tax collector of Lumpkin county who promises to discharge the duties of such office to the best of his ability and to the satisfaction of all if elected.

FOR TAX RECEIVER.

We are authorized to announce the name of J. A. Anderson for tax Receiver of Lumpkin county at the ensuing election in October.

The friends of C. W. Stargel respectfully announce his name as a candidate for Tax Receiver of Lumpkin county, hoping that he will receive the hearty support of all as we know that he is fully competent to discharge the duties of said office.

MANY VOTERS.

FOR THE LEGISLATURE.

We are authorized to announce the name of J. V. Harbison as a candidate to represent Lumpkin County in the House of the next legislature.

To the voters of Lumpkin county: Having been solicited by many friends, I hereby announce myself a candidate for the legislature, and if elected promise the people to make them a faithful and efficient member, asking the support of the voters.

S. M. GRIZZLE.

I respectfully announce myself a candidate to represent Lumpkin county in the next legislature of this state and will appreciate the votes of my friends and will appreciate any assistance which the voters will give me in the coming October election.

F. M. WILLIAMS.

FOR COUNTY TREASURER.

To the voters of Lumpkin county: I take this method of announcing my candidacy for re-election to the office of county treasurer and hope to receive a hearty support from you. Thanking you for past favors and hoping for a continuance of the same, I am yours respectfully.

E. F. JACKSON. We are authorized to announce the name of W. H. Beal as a candidate for County Treasurer who proposes to discharge the duties of such office to the best of his ability and endeavor to please all.

At the request of many voters I have decided to make this race for sheriff and ask for the vote of every voter in the county and if elected I shall try to fill the office to the satisfaction of the people.

FOR SHERIFF.

W. J. T. HUTCHESON. To the voters of Lumpkin: I announce myself as a candidate for Sheriff of Lumpkin county and respectfully ask the voters to give me their support. If elected I will faithfully perform the duties of such office to the best of my ability.

Respectfully, J. M. DAVIS.

We are authorized to announce the name of James B. Anderson as a candidate for sheriff of Lumpkin county at the ensuing October election who expects to be in the race until the polls are closed last evening.

To the voters of Lumpkin county: I hereby announce myself as a candidate for sheriff of Lumpkin county and earnestly ask your support at the ballot box at the October election, promising to make a faithful officer if elected.

To the voters of Lumpkin county: At the solicitation of my friends I announce myself a candidate for sheriff at the October election and earnestly solicit your help at the polls.

Respectfully, S. D. GRINDLE.

To the voters of Lumpkin county: At the solicitation of many friends, I hereby announce myself a candidate for Sheriff of Lumpkin county. I am in the race to the end, and, if elected, shall do all in my power to make the people a faithful and efficient officer.

R. N. MAYES.

To the voters of Lumpkin county: I hereby announce myself a candidate for Sheriff of said county soliciting your liberal support at the polls. Hoping my candidacy will meet your approval and that I may receive your hearty support which will be long remembered and highly appreciated, I elected to discharge the duties of said office in an efficient obliging manner.

J. W. WALKER.

FOR COUNTY SURVEYOR.

I hereby announce myself a candidate for the office of Surveyor of Lumpkin county and will appreciate any assistance which the voters will give me in the coming October election.

J. F. MOORE.

Capt. Ingersoll went up into White Saturday.

Mrs. Maggie Orison returned from her visit to Dawsonville last week.

B. H. Brackett has been recommended by influential republicans for post master at Auraria.

Assistant postmaster Price and his sister, Mrs. W. A. Charters, visited Gainesville Saturday.

A whiskey treat was given the other day at or near Yahoola church. This shows the kind of respect theopharies have for the Lord.

G. McGuire has received a nice line of coffins and caskets and when ever any body desires to change climates and want to hasten the end of their journey, they can be fixed up for the trip by calling on Mr. McGuire.

Last Friday Dahlonega threw open her gates to the old soldiers and the candidates furnished free liquor to all those that indulged, and that was quite a number, for joining the army is like connecting yourself with the church, relieves no mans thirst for strong drink.

J. W. Brown, the post master at Half Way, was in town Friday for the purpose of learning what was going on in the outside world. His office was cut off by the recent change in the mails and he has a lot of important mail to send off by no carrier to send it by, and is six miles from any other office. The last mail received there was on the 2nd inst.

It is said that some nights ago after the preacher at Davis Chapel had touched up whiskey manufacturers a little that Dan Corn replied, intimating that he was one that owned a little still not far away which the minister had referred to. These little stills in various places in Lumpkin county is why the good people can't meet together and serve the Lord without being disturbed.

Since the departure of Mr. Hart James B. Witt seems to be "chief cook and bottle washer" at the Hall Mose Co's store. The already large business of this house will still continue to increase under this gentlemen's management as he has a host of friends throughout the county (and no enemies) who like to visit a place where he is at for his manner of speech and appearance never fails to make everything agreeable and pleasant.

Last Friday Frank Lowery killed a large rattlesnake close by his shop near the colored camp ground. At this spot during the meeting last year a fellow sold out a barrel of wine on Sunday. Quite likely the devil didn't know that it had been decided to have no meeting at this camp ground this year and had sent this serpent along to mix it with the bad boys and wine sellers—the courts having become almost a farce.

On last Friday when seeing that a fight was on the eye of being started we ran in as a peace maker and got into it ourselves by having a little difficulty with Buck Evans. The "damages" were slight. We got marked in the fracas as follows: A small crop bit of the right ear and an under bit in the left. So if any strangers wish to subscribe for the NUGGET they need not ask any question but look until they find a marked man and hand him their names and money.

Constable Perdue of Davis' district, certainly makes it unpleasant for violators of the law. A few Sundays ago when Childers and Al Rider shot near Hightower church during services, and Will Champion and one or two others came over from across the mountain and insulted his daughter and other young ladies that were attending church, he didn't take time to swear out a warrant for them but went to arrest them. The boys knowing the old man meant business made themselves scattering.

Capt. F. M. Williams visited Gadsden this week to see his son, Fulton, who is dangerously ill with typhoid fever.

J. E. Meaders and family, of Swainsboro, who have been spending some time in Dahlonega, departed for home last Friday.

Don't forget the public meeting to-night. Every citizen in town, both white and black, high or low, rich or poor, are interested.

Geo. Carroll was found running a blockade still in White county last Monday and brought to town by Marshal Grizzle. The still was a large one.

We furnish everything and print letter heads and envelopes cheaper than you can buy the blank material. Try us and be convinced.

Hon. W. H. Courtney, the populist candidate for the senate, gave us a pop call Tuesday morning and judging from his appearance and what he said he feels confident of going to the senate.

Capt. Hall has already commenced working on his grist mill and other improvements at the Chestate mine and will soon have arrangements made so that the citizens in that community will not have to go very far to have their corn ground.

John Gaston, an old Dahlonega college boy, who is now in Marion, Ill., writes us this week to send him the NUGGET so that he can hear from our town and the college. There is no boy that has ever went to this college yet that has turned his back on the institution, matters not how far away he gets.

It will be seen by a call from Mayor Price to be found elsewhere that the citizens are requested to meet in the court house to night and take some steps in reference to our mail facilities that have been cut off. Let every body come out so that we can talk the matter over and explain to the post office department what these changes in our postal routes mean.

The lumber had already been sawed for the covering of Bearden's bridge and the contract let out for delivering it when it washed away. It is said that Ad Peck proposed to deliver it at 12 1/2 cents per hundred but Tom Tate, Jr., a son of the ordinary, was allowed 25 cents per hundred. If this be true Judge Tate is economizing over the left and taxes will continue to be high the rest of his term if he works to the interest of his relatives in this manner.

Last Friday afternoon while Buck Evans was in the calaboose for drunken and disorderly conduct, he got one of his eyes badly hurt in some manner. It is claimed that Will Weaver jobbed it with a stick through a crack of the door while he was cursing. Will says that he had the stick stuck through the door and Evans fell on it and did the injury himself. Any way D. M. Grizzle, half brother to Evans, swore out a warrant for Weaver, who waived examination and made bond for his appearance at the next term of Lumpkin Superior court last Monday.

There has been some talk of changing the road so as to shun Bearden's Bridge Hill. If the bridge was built at Neisler's Ford this would not have to be done, besides Capt. Hall will give \$200, \$100 for the bridge and the other towards the making of a good road. Many others would donate something, as we would be able to reach Gainesville within 22 or 23 miles. Then a three mile road could be worked out from the Chestate farm to Shoal Creek road which would enable the people of that district to reach Dahlonega in fewer miles than coming by the Bearden's bridge route and shorten the distance for Wahoo district citizens. We feel satisfied that if Judge Tate listens to the citizens of Lumpkin county alone that the bridge will soon be built across the river at the Neisler Ford. We want an outlet to the railroad in less than 25 miles and this will give it to us.

The registration book closed on the 14th and if there are any that can not vote it is their fault.

Geo. Burns, who was in town last Friday, said that he had been living on the Chestate river 35 years and that the water during the recent freshet was about two feet higher than he had ever known it.

H. D. Strickland, one of the members of the town council, left for Swainsboro last Saturday. He sent back his resignation and his place will be filled by the body making an appointment at its next meeting.

Hon. D. M. McClure, Dawson county's late representative was among the visitors to the re-union last week. Mr. McClure made an able representative and the people of his county are proud of his official acts and so are we.

It is said that at least forty gallons of liquor were treated out by some of the candidates here last Friday which disgusted many voters. We heard a number say that they would not vote at all if they could not find men who would make the race without the use of liquor.

We noticed that the Dawsonville Masonic fraternity at its last meeting requested that the NUGGET publish an obituary notice passed by that body. We would be glad to comply with the request but we have made a rule not to publish any obituaries for less than two cents per line and cannot vary from the rule.

Willie Thomas, the son of our esteemed friend, J. B. Thomas, assistant secretary of the 52nd Ga. Regiment Association, was a welcome visitor to our town at the re-union last Friday. We are ever proud to meet Willie for he is an old Dahlonega boy. He was again re-elected assistant secretary of the Association.

We are informed that the grist mill of Joseph Jarrard, in Chestate district, was blown up by dynamite one night last week. It seems that the load was placed about the mill rock and when the machinery started it exploded, bursting the rock and throwing one of the mill house logs a considerable distance. Mr. Jarrard was injured on the arm. It was not believed that Mr. Jarrard had an enemy in the country that would do him this kind of an injury.

C. H. Hart, who has been general manager of the Hall Mose Co's store for some time, left out one day last week without any one knowing it. He went out as the manager and as the stage passed he he hopped on and bid Dahlonega farewell. No one regrets his departure unless it is some of those that he is owing small accounts, and a few of the sweethearts it is said that he had, both black and white. He was a married man but was red headed and it is natural for some women to like red roses.

J. B. Thomas and family, of Dawsonville, look in the re-union here last Friday. John was a member of the 52nd and also secretary of the Association and he has never missed any of the reunions so far. We hope that he will be the last surviving old Confederate, not only of the 52nd, but of all that served in the service of the civil war. John, the latch string of the NUGGET is on the outside, and when you come to the Golden City you know how to gain entrance. He and family were guests of Hon. W. H. McClure while in the city.

We had a pleasant call last Friday from Hon. R. B. McClure, one of Dawson county's most popular citizens, father-in-law of Clerk John H. Moore. He came to mix and mingle with the old comrades of the 60's in the re-union. We found Mr. McClure a clever and most sociable gentleman and say to him that the NUGGET office is always open to him when he visits our town. The gentleman is a weekly reader of the NUGGET and stated that we were getting up an excellent local paper, which we consider quite a compliment coming from a man of his standing.

Wimpy's mill is now in running order.

Joe Forest and Piercean Edmanson were both fined for drunken and disorderly conduct last Friday. Joe was fined two and cost and Piercean three and cost. A total of \$9.00 to be paid out of their pockets. All on account of liquor.

Dirt was broken for the new school house last Monday by J. H. Jenkins, contractor for the dirt work. The building will be located on the lot between Mrs. Reese's and the Basenger house. But few prettier places could have been selected.

There is a gourd out at farmer William Waters, in Nimbrowll district that is only three weeks old measuring six feet round. The gourd from which this seed was taken held two bushels and a quart. Mr. Waters also has a fine mare with twin colts.

Luther Hightower and a rattler had quite an exciting time up at or near the Hall saw mill the other day. Luther came out conqueror but not before the snake stuck its fangs in one of his shoes causing the man to give several right lively kicks before being released.

Quite a number of white people attended the colored baptizing at Wimpy's mill last Sunday, during which time Mrs. Adelia Watson fell into the creek while crossing a small foot log and was washed a considerable distance down the stream before her husband could rescue her.

Robt. Satterfield and Peter Peck had a difficulty one day last week a few miles east of Dahlonega, something about a girl. Bob knocked Peter down with a stick and Peter then recovered and cut his antagonist thirteen times, some of them being in very dangerous places. At last accounts Bob was in bed.

The colored people, instead of having a campmeeting last week held services at their Baptist church which is still in progress doing good. Besides their pastor is Rev. Davis, who is also a good preacher and a splendid revivalist from Atlanta. It is useless to say that the singing is excellent for there is more good soul stirring music in one darkey generally than half a dozen white people and when they get to singing and there are persons present who have any shouting qualities about them they are sure to let it be known. Among their songs is one with the following words:

Good night, for the Lord is coming,
Knock at the door, and the door will be opened,
And the Lord will come twinkling down.

Another is:
How long de train been gone,
Get right, sinner, Get right.

A miner was telling us last Sunday how he had come out in making donations to the preacher. One told him some months ago on Sunday, that giving to the preacher was lending to the Lord. The man had an extra quarter that he had no use for then, which he decided to give the preacher as a kind of an experiment, thinking that he would get it back when needing it would.

The next Monday he went to work and found a fifteen penny-weight nugget of gold. He believed this to be a big interest on the money that he had loaned the day before. Being so well pleased with the progress he had made he would afterwards quit work in order to give the preacher a quarter. He found no more nuggets and after awhile his money gave out and his meal tub was found to be empty just as the forty days rain set in. Being unable to work he sat down in the door watching for the raven and at the end of the rain recently it hadn't come and the poor man had looked in vain until he was almost as poor as a waver, while the preacher had been comfortably housed feasting off of the fat of the land. We don't care what the preacher says. If a poor man gets any thing these days he will have to work for it, steal or beg it.

Several of our citizens are anticipating going to Yellow Creek to see twenty-three persons baptized tomorrow.

The miners and capitalists, mentioned in our last issue as having arrived in Dahlonega last week, visited quite a number of the mines belonging to Mr. Wahl, and secured a number of splendid views.

We are now turning out the election tickets by the thousands. There will only be about eleven or twelve hundred votes polled in Lumpkin but the supply of tickets will not be less than thirty or forty thousand.

The distance from Dahlonega to Gainesville via Murrayville has been misrepresented to the government as being only 34 miles, and that Murrayville is a thriving town. The cross roads has two stores, and if the mail stops 24 miles from Dahlonega going that way it will not reach Gainesville by two or three miles.

Mr. R. W. Walker, the manager of the Crescent Mine is going right ahead preparing to erect the mill house and have it completed by the time the machinery is ready. This gentleman means business. He is making preparations to remain at the mine both day and night and keep his watchful eye on the movements of things out there generally.

A colored preacher carried his horse to the shop last Monday to have it shod and it was so poor that the smith picked up both of its hind feet at once and after an examination found that he had no shoes small enough to fit its shrunken feet. The preacher is heavier than the horse. Very little religion about a man that will mistreat his horse.

Miss Emma Anderson, who it was hoped last week would recover, is dead. She breathed her last on Friday afternoon at the residence of her sister, Mrs. M. G. Head, in Dahlonega, after an illness of 41 days, aged about sixteen years. She is the daughter of Isaac Anderson who is sick at his home in the country with fever now, being in a very dangerous condition. Several years ago her mother and several brothers and sisters died of fever leaving only two members of the family besides herself. She came to town some time afterwards to live with her sister and had been with her ever since. She was a student of the college and her classmates and other numerous friends mourn her loss. The funeral was preached by Rev. Mr. Parks at the Baptist church last Sunday in the forenoon and her remains were laid to rest in Mount Hope Cemetery at 12 o'clock in the presence of a large number of sorrow stricken relatives and friends. How sad to think that one just in the bloom of youth should be called from among us.

There were more intoxicated persons in Dahlonega last Friday than have been here before in a long time. It was the old soldiers re-union day and every body came to town for a big jubilee. The liquor was free, made so by some of the candidates, and evidently of the meanest quality. Ike Norris, who is as honest a man as the sun ever shines on, got on a sufficient amount as to cause him to take Tax Receiver Grizzle's horse, which was hitched to a post, and start off in the direction of his home. When he got over to Last Chance he met Frank Adams' horse in the road. He decided that it was his animal and had been riding some one else's. So he got down, turned Grizzle's loose and undertook to get on the other but was too tight to stick. Then he went on down the Auraria road 3 miles leading the horse and wading the branches. When overtaken and told that he had the wrong horse he said that he had one in Dahlonega some where but couldn't remember where it was. He was brought back and told that his horse was in Thomas stable. Then he went home without any further trouble or delay.

G. McGuire now owns the Sam Smith farm.

Our town is again lively with school boys.

M. G. Head has moved to the Stanton house.

Col. Farrow spent last Tuesday night in the city.

Young man, if you want to give your sweetheart a valuable present send her the NUGGET twelve months.

R. W. Walker, the general manager of the Crescent gold mine, paid Gainesville a business trip last Tuesday.

Little Isabelle Charters fell from a bicycle last Monday and cut a painful but not dangerous gash in her forehead.

A large amount of fodder will be lost in this section. The farmers can't have sufficient dry weather to save it.

W. Y. Brockway, of Gadsden, Ala., has been in the city several days looking after some valuable mining property in this county.

J. W. Newton, of Morgan county, spent several days in Dahlonega this week. He was accompanied by his son who entered college last Wednesday.

Quite a number of strangers whose names we were unable to get, have been in town this week entering their sons in the N. G. A. College.

Miss Clark, the teacher of the young ladies department of the college, is now rooming at Mr. Craigs and taking her meals at the Park Street Inn.

Isaac Anderson, who has been very low with fever at his home a few miles out in the country, is some better and it is hoped that he will yet recover.

The Georgia editors are going to the Omaha Exposition and will have a good time. The editor of the NUGGET will not go but hopes to have a representative.

There has been quite a change in the weather this week. It is much cooler and our merchants are packing away their straw and other summer goods and getting ready for winter.

The thirty or forty visitors now at Porter Springs will likely remain there for some time, as quite a number of them are from Montgomery who are afraid to go home on account of yellow fever.

Piercan Edmonson, who was sentenced to pay a fine imposed upon him by the mayor last Saturday, failed to settle it and was re-arrested this week and placed in the calaboose for six days on bread and water with not as much as a tooth pick.

The public schools opened again last Wednesday with the usual attendance. Notwithstanding the fact that they are free to all children and the parents know it, some are allowed to play about on the streets, smoke cigarettes and grow up in idleness and ignorance.

Prof. O. Palmour, who has been absent from Dahlonega ever since commencement, arrived last Tuesday and is now occupying his position in the college greeted by the strange faces of many young men who wish to obtain an education at this institution of learning where he graduated.

The balliff of Porter Springs district was down last Tuesday getting subscriptions to build a court house in that district. It is a good movement which should be followed by other districts. Up to the present the justice had to sit out on a fence rail out in the open weather and administer justice.

The pastors of the churches will now have large congregations. The school boys have to go, and girls and females who have not seen the interior of a church half a dozen times since commencement, will be on hand regularly (always going in late so as to attract as much attention as possible), which proves that too many people only go to church to see and be seen.

Dahlonaga Nugget.

VOL. IX.—NO. 40.

Devoted to Local, Mining and General Information.

DAHLONEGA, GA., FRIDAY, SEPTEMBER 23, 1898.

W. B. TOWNSEND, Editor and Proprietor.

One Dollar Per Annum

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of

Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, safe, and effective

McELEE'S Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, to the Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ANDERSON, R.D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it the most excellent preparation for female troubles."

The peace commission sailed for Paris on the 17th inst.

The number of candidates for the legislature in Lumpkin county has been boiled down to three.

Spain will not give up the Philippine islands if she can help it. Had rather fight first. This is the last report.

There are yet 100,000 Spanish soldiers in Cuba and it will be first of February before they can all get away.

The citizens of Atlanta seem to be determined to have a new car shed, and we believe they are entitled to it.

There are too many men in Lumpkin county asking for offices that are not qualified to fill them. The experience that our county has already had in this matter ought to be a sufficient lesson.

It is said that there are men asking the people of Lumpkin county to support them for office who cannot write. Voters should not be deceived. Ask them for a sample of their writing. By all means a county officer should be able to read and write and remain sober.

The jury revisors of Fulton county are being woke up from their slumbers. Outside parties banding in a list of names requesting that they be left out of the box is causing trouble. The matter is under investigation now and what the result will be we cannot tell.

Messrs. McAfee and Harbison, who were candidates for the legislature in this county, are the only ones that ever got up and publicly stated in Lumpkin that they would not use liquor in their race. But they withdrew. They had to do this or be defeated. This doesn't speak well of a "dry" county and a town that has a temperance society of such a large membership as the one here now. This is the year that this society might have done some good but as its members have failed to act they might as well disband.

In copying the election ticket from a democratic paper we failed to leave off Hon. F. C. Tates name on some of them. It doesn't make any material difference however. If he is voted for it doesn't count. You can strike it off or let it go. Had it been his election doubtless many would have stricken his name like we will when the time comes, as we have made it a point to vote for no candidate nominated by primaries that we were not allowed to take any hand in until our minds changed. We never did like to eat at the second table.

Here is a nice quotation from one of Sam Jones' sermons: "The church people are compromising with politics, and the old whiskey-soaked democratic party of this state is hobnobbing with the devil. The low downed democrats; I would rather go to Alaska for pine apples than to their legislature for temperance. I would rather steal a horse or a pug nose than to vote for a democrat. The dirty devils, they are soaking the whole state with their infernal whisky. I don't know what the pops would do for they have never had a chance to show their hand and never will."

There are three candidates in the field for representative of Lumpkin county, two democrats and one republican, and still some of the voters say that they had rather or have a new man. Some say they don't want to vote for Capt. Williams because they believe that he will treat on liquor. Others are opposed to S. M. Grizzle because he is a republican and would have no voice in a democratic caucus. And others don't want W. J. Burt because he said in a letter to the NUGGET latter part of last year that when on the grand jury he would not return a true bill against any one for a misdemeanor. So here it goes.

Cases Set For Trial in U. S. Circuit Court.

Oct. 3rd: Wm. Crane, Jr., Cicero Ravan, of Lumpkin. Elna Parks, Robt. Hix, Dave Hix, Willford Hall, Charlie Crawford, of Dawson. Wm. Parker, P. L. Kenimer, of White.

Oct. 4th: John L. Corn, Wilson Blackburn, Jeremiah Stoyer, John Reese, Earl Patrick, Mathew McDonald, O. C. Keith, George Elrod, Joseph Corn, Lewis Black, of Lumpkin. Miligan Adams, of White. L. T. Poston, Martin Poston, Foster Thompson, Sherman McCollum, G. W. Holloway, of Union. A. J. Reese, of Dawson.

Oct. 5th: Jas. Lingerfelt, V. A. Thurman, S. B. Shumaker, Charlie Allen, J. L. Anderson, Wm. Beck, of Dawson. Jos. Vogel, of Union. Jas. L. Smith, Wm. Hix, Jas. Wooten, of White. Jas. P. Hall, F. A. Crane, Wm. Waters, Sr., John White, John Wehnt, Ruben White, of Lumpkin.

Oct. 6th: Marion Carter, Gus Cain, M. M. Crane, J. M. Crane, Augustin Elrod, Bud Edge, of Dawson.

Oct. 7th: Noah Lackey, of White. Jos. Strickland, of Dawson.

Oct. 10th: John N. Shumaker, Jasper Shumaker, of Dawson.

Oct. 18th: A. H. Passmore, J. G. Platt, J. W. Platt, John Pope, N. L. Pope, W. M. Pless, Wm. Pless, L. T. Poston, Joseph Teague, of Union.

Oct. 19th: J. C. Wood, E. W. Wilson, L. D. Wright, B. W. Souther, Andrew Satterfield, of Union.

Oct. 20th: A. L. Howard, J. H. Nix, C. B. Nix, A. M. Nix, of Union.

Oct. 21st: J. T. Collins, T. R. Ezell, J. B. Dyer, J. F. Duckworth, J. F. Foster, Lafayette Fortenberry, Joseph Gilreath, of Union.

Withdraws From the Race.

Ed. Nugget:— You can say to my friends that I am out of the race for the legislature. I will ever be thankful for their proffered support, and to my enemies I don't care whether they find it out or not.

Respectfully,
J. V. HARBISON.

Judge Alsbrook, the editor of the Morganton News, died very suddenly the other day.

'Sure Cure for Colds

When the children get their feet wet and take cold give them a hot foot bath, a bowl of hot drink, a dose of Ayer's Cherry Pectoral, and put them to bed. The chances are they will be all right in the morning. Continue the Cherry Pectoral a few days, until all cough has disappeared.

Old coughs are also cured if we mean the coughs of bronchitis, weak throats and irritable lungs. Even the hard coughs of consumption are always made easy and frequently cured by the continued use of

Ayer's Cherry Pectoral

Every doctor knows that wild cherry bark is the best remedy known to medical science for soothing and healing inflamed throats and lungs.

Put one of

Dr. Ayer's Cherry Pectoral Plasters over your lungs

We now have some of the most eminent physicians in the United States. Circulars, testimonials and full directions sent free to those who send for them. Write for them to the publishers in your city.

J. C. AYER,
Lowell, Mass.

Are You Easily Tired?

Just remember that all your strength must come from your food. Did you ever think of that? Perhaps your muscles need more strength, or your system is weak and can't digest what you eat. If you need more strength, then take

SCOTT'S EMULSION

of Cod Liver Oil with Hypophosphites. The oil is the most easily changed of all foods into strength; and the hypophosphites are the best tonic for the nerves.

SCOTT'S EMULSION is the easiest and quickest cure for weak throats, for coughs of every kind, and for all cases of debility, weak nerves, and loss of flesh.

See and know all drug stores.

SCOTT & BOWNE, Chemists, New York.

Capt. Williams' Reply to Burt.

EDITOR NUGGET:— Doubtless most of the voters of Lumpkin county have seen and read the lengthy circular of W. J. Burt who charges me with keeping several hundred dollars belonging to the county while I was serving as Ordinary of the same. At many terms of the Superior court numbers of you have served on the grand jury and examined my books, papers and official acts and reported them correct. You were acting under your oaths and if all this wholesale stealing, which he charges me with had been going on you most certainly would have found it out and reported it as true jurors. While I was ordinary 32 sessions of the grand jury convened and none of them ever charged me with stealing a single dollar.

As most of you are aware the law requires the tax collector to close his books on the 20th day of December and issue fifas against all defaulters, which are turned over to the sheriff or constables, who collect all they can and then make a return of "Due search made and no property found" on fifas against persons owning nothing. They are then returned to the tax collector and he gets five cents for recording each name on the insolvent book which amount is credited to the tax collectors account when he makes a settlement with the state and county and the fifas are filed away in the ordinary's office. There are hundreds of these fifas in the ordinary's office to-day, but this lying Bill Burt charges them all up to me. They are there worthless and no one knows it better than this convict and liar Bill Burt.

Burt knows full well that a portion of the time we had a Board of Road and Revenues who had charge of the finances of the county, but he holds me responsible for the whole thing.

Before the registration book closed when J. W. Walker was tax collector, he requested me to receive any money that might be offered so that men could register and vote. I did as requested and received some cash, most of it being on polls. This money I sent to the comptroller general and he returned it and advised me to pay it to the county school commissioner, which I did and have his receipt for the same.

Not wishing to worry any ones patience with a long article I desire to say in conclusion that I do not believe that any sensible man will believe such a report, as all the grand juries and finance committees have made their reports, to the public and the papers are now on file in the office and can be examined, especially when these lies come from a man like Bill Burt who, it is reported, was convicted of stealing in Dawson county some years ago. Although no better could be expected from such a liar as he is.

F. M. WILLIAMS.

If you want to keep posted take the NUGGET.

Capt. F. M. Williams, who is a candidate for the legislature, replies to Mr. W. J. Burt, one of his opponents, in another column of this issue. Mr. Burt, in a recent circular, made some grave charges against Capt. Williams about receiving and failing to turn over certain tax money said to be collected by him while ordinary of Lumpkin county. Let it be distinctly understood that we are not taking up any mans fight in this race as we may not vote in it. We are waiting and watching the movements of the campaign. Not to see who is the strongest man, but to try and find out who is going to use liquor. Our vote can not be counted for any one who will do it, but will remark that it is a little singular that Mr. Burt didn't make a true search and let these things be known before he decided to make the race. He has served on the grand jury several times during Capt. Williams' administration, and held the position of finance committeeman. He was sworn and paid to look up such matters and if Capt. Williams was guilty of theft he should have reported it long ago. Mr. Burt is a large tax payer and is as much interested in forfeiting out this matter as any man in the county and should have done so at the proper time. Then the people would have given his charges some credit. As it is they don't.

From the tone of the press most any one would think that the whole United States and a portion of Cuba favored Col. Allen D. Candler for Governor of Georgia. We did not vote in the primary for the reason that we couldn't afford to stand on our head that day in front of the polls and cry out "democracy!" And if we had we would not have supported Mr. Candler for reasons heretofore given in the NUGGET. Then talk about supporting his opponent, the populist. There is no use. For if all the votes he receives in this race were sweet shrubs there wouldn't scarcely be a smell of them.

Sealed bids will be received by me at my office in the court house in Dahlonega, Ga., until 12 o'clock, m., on the 18th day of October, 1898, at which time and place said bids will be opened in the presence of all bidders who are present, for the furnishing of all material and building of a public bridge across Chestate River in Lumpkin county, said state, at the site known as Bearlens Bridge. Separate bids will be received, under separate seal, for both iron and wood structures. Said bridge whether built of wood or iron to be built on the pillars, or piers now standing, and to be one span ninety-six feet long, with truck or passage 12 feet wide. If built of wood said bridge to be of heart pine and oak lumber and enclosed on side and covered. About one-half the necessary lumber (being new and unused) being now at said site and belonging to Lumpkin county, the contractor will be required to use same, paying said county the original cost, (including hauling) there for.

NOTICE TO BRIDGE CONTRACTORS.

The right is reserved to accept a bid for either an iron or wood structure as may be determined by me after said bids are opened and examined. Full plans and specifications, both an iron and wooden structure can be seen of file in my office. Payment to be made on the 20th day of December, 1898, or as soon thereafter as the work is completed and accepted by me.

Good sufficient bond will be required of the successful bidder in terms of the law. The right to reject any and all bids reserved. This Sept. 20th, 1898.

W. H. C. TATE,
Ordinary of Lumpkin County, Ga.

GEORGIA—Lumpkin County.
Sarah J. Stargel having applied to me for the setting apart of her of a twelve months support out of the estate of W. C. Stargel, late of said county, deceased, and the return of appraisers setting apart the same being of file in my office. All persons concerned are hereby notified that I will pass upon the same at my office in Dahlonega, Ga., on the 3rd day of October 1897, at 10 o'clock, a. m. This Sept. 9, 1897. W. H. C. TATE, Ordinary.

ANNOUNCEMENTS.

FOR THE SENATE.
At two different meetings of the populists of my county they have said that I am the choice to make the race for the Senate of this Senatorial District. I have accepted the nomination and now respectfully ask the voters of the three counties for their support at the ballot box in October.

W. H. COURTNEY.
According to the system of rotation which obtains in the 32nd Senatorial District, the Senator to represent said district in the next General Assembly is to be selected from the county of White. Responding to the expressed wish of the people of said county, I announce myself as a candidate for the Senate at the election to be held on the first Wednesday in October next.

FOR CLERK.

To the voters of Lumpkin county: I am a candidate for re-election to the office of Clerk of the Superior Court. I am very thankful to the people for their support in the past, and will, if re-elected, serve them faithfully and to the best of my ability. I respectfully submit the aid of all.

I respectfully announce myself as a candidate for clerk of the superior court of Lumpkin county and ask the support of all voters regardless of their race or politics and promise if elected to serve them to the best of my ability.

G. C. WALLACE.
To the voters of Lumpkin County. I announce myself as a candidate for re-election to the office of tax collector. Thanking you for past favors and hoping my efforts to serve you for the past year will meet your approval, and if so I feel sure I will have your support in the coming election.

J. F. SARGENT.
We are requested to announce the name of George W. Walker, Jr., as a candidate for tax collector of Lumpkin county who promises to discharge the duties of such office to the best of his ability and to the satisfaction of all if elected.

FOR TAX RECEIVER.
We are authorized to announce the name of J. A. Anderson for Tax Receiver of Lumpkin county at the ensuing election in October.

The friends of C. W. Stargel respectfully announce his name as a candidate for Tax Receiver of Lumpkin county, hoping that he will receive the hearty support of all as we know that he is fully competent to discharge the duties of said office.

MANY VOTERS.
FOR THE LEGISLATURE.
To the voters of Lumpkin county: Having been solicited by many friends, I hereby announce myself as a candidate for the legislature, and if elected promise the people to make them a faithful and efficient member, asking the support of the voters.

S. M. GRIZZLE.
I respectfully announce myself a candidate to represent Lumpkin county in the next legislature of this state and will appreciate the votes of my friends and if elected will do all I can for the county's best interests.

F. M. WILLIAMS.

FOR COUNTY TREASURER.

To the voters of Lumpkin county: I take this method of announcing my candidacy for re-election to the office of county treasurer and hope to receive a hearty support from you. Thanking you for past favors and hoping for a continuance of the same I am yours respectfully.

We are authorized to announce the name of W. H. Reed as a candidate for County Treasurer who proposes to discharge the duties of such office to the best of his ability and endeavor to please all.

E. F. JACKSON.
FOR SHERIFF.

At the request of many voters I have decided to make this race for sheriff and ask for the vote of every voter in the county who if elected I shall try to fill the office to the satisfaction of the people.

W. J. T. HUTTONSON.
To the voters of Lumpkin County: I announce myself as a candidate for Sheriff of Lumpkin county and respectfully ask the voters to give me their support. If elected I will faithfully perform the duties of such office to the best of my ability.

Respectfully,
J. M. DAVIS.
We are authorized to announce the name of James B. Anderson for sheriff of Lumpkin county at the ensuing October election who expects to be in the race until the polls are closed that evening.

To the voters of Lumpkin county: I hereby announce myself as a candidate for sheriff of Lumpkin county and earnestly ask your support at the ballot box at the October election, promising to make a faithful officer if elected.

M. M. BERRY.
To the voters of Lumpkin county: At the solicitation of my friends I announce myself a candidate for sheriff at the October election and earnestly solicit your help at the polls.

Respectfully,
S. D. GRINDLE.
To the voters of Lumpkin county: At the solicitation of many friends, I hereby announce myself as a candidate for Sheriff of Lumpkin county. I am in the race to the end and if elected, shall do all in my power to make the people a faithful and efficient officer.

E. N. MARR.

To the voters of Lumpkin county: I hereby announce myself a candidate for sheriff of said county soliciting your liberal support at the polls. Hoping my candidacy will meet your approval and that I may receive your hearty support which will be long remembered and highly appreciated, promising if elected to discharge the duties of said office in an efficient obliging manner.

W. W. WALKER.

FOR COUNTY SURVEYOR.

I hereby announce myself a candidate for the office of Surveyor of Lumpkin county and will appreciate any assistance which the voters will give me in the coming October election.

A. W. GAIN.

J. F. MOORE.

THE NUGGET.

DAHLONEGA, GA., SEPT. 23, '98.

One of the candidates, George Walker, is now housed up with the jaundice.

Capt. Ware, the well known terror to blockaders, was in our town last week.

Remember that we do not take subscriptions to the NUGGET for less than three months.

G. McGuire is remodeling the Hughes storehouse, getting ready for his new stock of goods.

We have just turned out 22,250 tickets for the candidates of Lumpkin county. If there are any others needing any let them send in their orders.

By reference to another column you will find the cases that are set for trial in the U. S. Circuit Court of parties from Lumpkin, Dawson, White and Union counties.

Col. J. W. H. Underwood, the democratic candidate for the State Senate, was in town Saturday busy shaking hands with the boys. The Colonel says that he feels confident of his success.

The contractor for the new school building says that he will have it completed within ten weeks from the time he begins work if not troubled about the delivery of the lumber.

Come to the Golden City if you want to grow fat. We heard Mr. Edwards, of Atlanta, the contractor for the school building, say last Sunday that he had been here ten days and gained five pounds.

Mayor Price has made it a point to try and find out those that are furnishing liquor and getting people into trouble. The other day while passing sentence on Buck Evans for disorderly conduct he asked him where he got his liquor. Buck told the Mayor that two candidates for sheriff furnished him, giving their names.

It is claimed by the Signal that Bearden's bridge was partially built by private subscriptions and if it is constructed elsewhere that the county will have to refund the money to the parties donating it. This information is new to us but admitting that it is true the parties are dead and have long since gone to their reward, and if the money has to be refunded who will be willing to carry it to them?

The little 21-months-old child of Mr. and Mrs. J. S. Stewart died Friday evening after an illness of a few hours, caused likely from injuries received by a fall. Some hands working near Prof. Stewart's saw the little one fall head foremost from a swing the day before it died while in charge of a nurse. In a short time afterwards it was taken sick and only lasted a few hours. Its remains were interred in Mount Hope Cemetery Sunday afternoon at 4 o'clock.

When Marshal Bruce opened the calaboso door the other evening to hand Pierce Edmonson his piece of bread, which was all that Mayor Price allowed him, except a little water to wash it down with, on account of his having violated certain ordinances, the prisoner made the officer a leg bail and doubtless it was hoped by Mr. Bruce that he was gone, but he did not tarry long until he returned and answered to roll call Sunday morning at the "Sons of Rest."

Ch. Price says that he favors the rebuilding of the Bearden's bridge at the same old place. It can be done at a small cost he thinks by taking the old bridge back and placing it on the pillars after they have been built four feet higher from rock taken from his land over there which will cost the county nothing. Wants no expensive iron bridge. Then he favors a bridge at Neisler's ford so as to give us a direct route to Gainesville. The Colonel is a large tax payer and if he is willing to be taxed so as to have these conveniences those who only pay a poll should not grumble.

The candidates race is almost run, and the are glad of it.

The county registrars commenced their work last Wednesday.

The town marshal is now putting the finishing touch on the streets.

If you want to sell any butter, chickens and eggs bring them to Dahlonega.

Wm. Bryson, who lives down on the Chestnut, says that the freshest left him about thirty bushels of corn.

John Hill, of Jackson county, was registered at the Burnside last Friday who came to enter his son in college.

Mrs. John Thomaston, of Ball Ground is up on a visit to relatives this week, accompanied by four of her children.

The yellow jaundice is the very thing for a country doctor financially speaking. He neither wants to eat or drink anything.

T. A. Lucas, of Washington City, has been here for several days making a test of gold ore and inspecting the country generally.

We are glad to learn that F. J. Williams, one of the members of the firm of Williams & Co., is much better at his home at Gadsden, town.

Look out for the cross mark on your paper. It means that your subscription to the same has expired and you are requested to renew.

We will not be troubled about Dahlonega's sorry mail facilities much longer as we have been assured that matters will be adjusted to the satisfaction of our citizens at the proper time.

Since James Harbison has retired from the legislative race he has gone to pulling fodder. Some of the rest of the candidates will continue their labors in the field same as Jim after the election.

It is said that the post office inspector, who came here not long since to map out and recommend a route from Dahlonega to Gainesville and to look after other matters, got on a gentleman drunk at Cleveland. No wonder that we have such a long crooked line now.

As will be seen elsewhere Judge Tate advertises for bids for the construction of a bridge across the Chestnut river near W. H. Satterfield, both for wood and iron. The bridge is to be built on the same old pillars, but if they are not made higher it will be a useless and expensive piece of work.

The public gathering at the court house Friday night was no indignation meeting as first reported. It was a lot of interested citizens who wanted to see if there was no way to persuade the post office department to give us some information with the outside world so that we might be able to occasionally hear from the peace mission and not get in the fix that Dewey did.

Nearly all of the candidates in this county, as well as two from White, have patronized us liberally. They were all charged one price for their work. They paid us for it and we have carried out our contract to a letter. Not a word did we say either for or against any of them until this week, and that is only in the nature of an enquiry. If any of them are not competent, the people ought to know it, or if there are charges against any of them that need clearing up it ought to be done.

The colored protracted meeting closed Thursday evening of last week and the preachers received their pay—one \$6 and the other being their pastor got the same amount of money and a suit of clothes worth \$12. From all appearances at the time of the meeting much good was being accomplished, but it turns out to the contrary. No additions to the church except the restoration of one backslider. The night after the meeting closed two of the mourners, so it is said, were out drinking and serenading and yelling until day.

Our farmers put in good time last week saving fodder.

J. Phillips, Jr., has gone to Nashville to spend a short time.

Ben Harris is up on a two or three weeks visit from Atlanta.

John Huff, of Half Way, is now engaged in mining on the Chestnut property owned by Capt. F. W. Hall.

U. S. Deputy Collector Boone Crawford of Morganton, was over last week on a visit to his sister, Mrs. H. D. Gurley.

Persons wishing to take the NUGGET and pay for it in produce must not expect us to give them more than any one else for it for we will not do it.

Some people have got a good deal of cheek. They will borrow their neighbors NUGGET every week, sometimes not waiting until they read it themselves.

The faculty of the college has changed the program of teaching a little. They teach now on Saturdays instead of Mondays. This keeps pupils from having to study their lessons on Sunday.

A person writing a letter to Cleveland from Dahlonega now has to send it via Gainesville and up the Southern Railroad and across the country quite a number of miles, taking several days.

REWARD.—Lost—a gold watch and chain near Mary Henry mill, (known as the Murray) on trail just above flume leading to Yahooola mill. Ten dollars reward to finder who will deliver same to Capt. H. D. Ingersoll. Watch marked "W. G. B."

As stated before the registration book closed on the 14th inst. Quite a number of our influential citizens, such as B. R. Meaders, R. C. Meaders, Capt. F. W. Hall, G. McGuire and a number of others, will not be able to assist their friends in the next election as they neglected to register.

W. G. Brockway, of Gadsden, Ala., after spending a day or two in Dahlonega last week, looking after some valuable property which he owns in this county has returned home. Mr. Brockway, as will be seen from a notice elsewhere, had the misfortune to lose his gold watch while out inspecting his mining property.

Rev. Mr. Jamison of Atlanta, will preach at the M. E. Church in Dahlonega next Sunday and at night. It has been quite a while since this able divine has been in our midst. His able manner of preaching is well known to most of our citizens. He is smart enough to preach to the people without having to "fill in" with any Sam Jones' slang.

One hundred and sixty students were on the roll last Saturday. This is the largest number that has entered the first week of any session since the establishment of the college. The dormitory is now full and Cadet West, the manager, has 40 boys to look after. He discharges his full duty to the satisfaction of both the pupils and the faculty and trustees.

Mr. and Mrs. Bigby, of Auraria district have been at the Hall House for several days under treatment of Dr. H. C. Wheelchel for nervous prostration. It was reported that they believed that they had been poisoned but we have not heard of report coming from either the lady or gentleman. Dr. Wheelchel stated to us that he was treating them for nervous prostration but did not know what caused it.

Dr. R. O. Cotter, of Barnesville, who has been spending the summer at Porter Springs, was down for a few hours last Saturday shaking hands with his many friends in Dahlonega. We didn't have the pleasure of meeting the Doctor this time but noticed from a card found under the office door that he had called to see us. Sorry that we were out. The Doctor always makes it convenient to visit Dahlonega when he comes to the Springs and we are truly glad to see him.

New students are still arriving, causing all friends of the college to wear pleasant smiles.

The Phi Mu Society of the college held 30 new members at its first meeting last Monday.

The bridge across Long Branch has been completed and vehicles can now travel that road.

Mrs. Henry C. Wheelchel left middle of the week for a two or three weeks visit to relatives in Hall county.

Orville Hall, Secretary and Treasurer of the Southern Fire Insurance Co., Atlanta, is here on a few days visit.

Come this way with your produce. The largest number of school boys that has ever been in Dahlonega is here now and they must have something good to eat.

The oldest man whose name appears on the county registration book is James C. Swaney, of Crumby's district, who is registered at 93, and the occupation of a farmer.

Col. Charters has gone to Atlanta. It is reported that one object of his visit is to endeavor to have all the cases in the U. S. Court in which our citizens are interested continued until after the election.

One of our citizens has made a big mining deal and in a few days he will have plenty of money. He has already been notified that the checks have been forwarded, but we are not at liberty to give his name this week.

Fully twenty of our best citizens have made themselves amenable to the penal law by reason of having registered twice for the year 1898. Suppose, however, that the double registration on the most part is due to mistake.

Judge Tate informs us that he will be governed by the wishes of the next grand jury as to the construction of Bearden's bridge, whether it be of iron or wood. This is a wise conclusion of the Judge. Then if these 23 men make a mistake he will not be blamed.

Some boasting has been done because we didn't get the ads of the new charters noticed in our last week's issue, and several have asked us the reason. One is that we didn't owe any of the parties interested, and the other might have been because the NUGGET never knowingly makes any false reports about the mines. We may mention hereafter why they desire to be incorporated and sell stock.

The number of registration voters for the October election is 1263 and by districts as follows: Auraria, 144, Cane Creek 55, Crumby's 59, Chestnut 80, Dahlonega 231, Davis 65, Frogtown 35, Hightower 64, Jones' Creek 31, Mill Creek 63, Nimberville 81, Martin's Ford 68, Porter Springs 63, Shoal Creek 64, Wahoo 62, Yahooola 98. Those registering on the 15th will not likely be allowed to vote by the registrars.

If we had the enmity of any one we would be sorry for them if they were to take the yellow jaundice. Since having them we have been made fun of more than once. Believing that we were always very pretty and after having a deep golden color added to our appearance we made it a point to take a conspicuous place near a front window (like some of the women and girls do who wish the boys and men to see them) so that the fair sex might get sight of us while passing, but as every one, both black and white, made fun of us we crawled in and hid. One fellow said that we would make good alligator bait. Another said that we looked like "before taking." This is not the worst. An old negro woman came along and wanted to know if we wouldn't go into her part of town and be used as a scare crow to keep the hawks away from the neighbors' chickens until we recovered. Since sick we have been reduced so in flesh that we have had to be very careful so as not to appear in public with both limbs in one pants leg. However we have the NUGGET out on time, although it may look a little "yellow," but it contains the news of the week.

It is a little singular that those who do the least good in an election make the biggest racket. We heard of a fellow raising objections to the printing of election tickets the other day who did not take enough beneficial interest in any one to register.

Notwithstanding old Uncle Wm. Franklin is one of the poorest and most needy men in the county, he has never been the man to ask the county for a nickel, matters not what kind of weather. He is like a bee, always on the move. He is now making a living gathering cinquapins.

A little girl of Thomas Weaver, living at the Barlow, died last Monday after a long spell of sickness. Its remains were interred at the Baptist cemetery at Auraria last Tuesday afternoon. It died was three years. Before it did it called up all those that were present and bade them good bye, stating that it was going to rest.

MR. EDITOR:—We wish to extend our heartfelt thanks through the columns of the NUGGET to the citizens of Dahlonega, and especially to Mrs. Cook and Dr. Wheelchel, for many favors extended to us during the sickness of our relative, Miss Emma Anderson.

Respectfully,
MARY HEAD, M. G. HEAD.

We understand that Mr. James Davis, a candidate for sheriff is having a good deal to say about the way we printed his tickets. He didn't give us any special order and we printed them with the democratic candidate for Governor and state house officers on them like we did all the others, 18,000 that we had printed up to the time, not that Mr. Candler is our preference for we do not expect to vote for him or his opponent. We have complied with our contract and if Mr. Davis is displeased with it we can't help it.

Mr. Courtney, the populist candidate for the Senate, was in our office a short while last Tuesday. It having been reported that he was against public schools and colleges we asked him whether it was true or not. He said that it was not. He favored both public schools and colleges as his record in the senate would show some years ago. Mr. Courtney says that he is making a dry race and does not propose to debase any one by the use of liquor. Col. Underwood says that he is also running a dry race. All of which we are glad to note.

Rev. W. A. Jackson, who leaves for Whitehall, Clarke county, this week, spent an hour or so in our office last Monday. He has been engaged in teaching in that county for some time. They have a splendid system of teaching in Clarke county which example should be followed by Lumpkin. There, when a pupil is late of a morning it is sent back for the day, and when absent two days in succession without any excuse, forfeits any school rights for a month, and if absent longer does not derive any benefits of the schools for twelve months. Besides this, teachers are required to put in six hours each day. Take in not later than 9 a.m. One hour at noon and dismiss promptly at 4. Giving a recess of 15 minutes before and afternoon.

Allison Smith, of White county, while passing through Dahlonega last Monday on an electioneering tour stopped in our office for a short while. He is making some right serious charges against Col. Underwood that are very damaging, which he says he can establish by all necessary proof. One is that Mr. Underwood had to sign a libel. If the charges made by Mr. Smith are true Col. Underwood is not fit to represent the people in this district. There is ample time for him to explain and clear up before the election and we would love for him to make the effort. It is nothing but justice to the voters of this district that he does it. If innocent it is justice to Col. Underwood for these matters to be straightened out and be not charged against him any longer.

We regret to learn that Miss Fannie, daughter of G. C. Wallace is quite sick.

We will be unable to furnish our readers with any more of Col. Nesbitt's valuable reports concerning agriculture. He has ceased writing them.

The Second Georgia boys were to have been mustered out in Atlanta yesterday and doubtless those who went from this county will return home right away.

The rain commenced yesterday again and many of our farmers had a large amount of fodder "down." This they will likely lose, which causes them to wear a sad appearance.

There is much sickness out in the western portion of the county, some of our best citizens lying very low with fever. Recently two deaths have occurred, Miss Dellie, daughter of Wm. Crane and Mrs. Eliza Melly.

Judge Tate has been quite busy since the recent freshet looking after the damaged roads and bridges in this county. He returned from Chestnut district last week and reports that the bridge near the law ground is all right again.

The little child of C. N. Fitts, of Nimberville district, that got choked a number of weeks ago, has never been relieved. All medical skill has failed. No one except those in the neighborhood have any idea how it has suffered. It is believed now that death will soon relieve it of all pain.

We understand that some parties are getting very uneasy about all the legal advertising being given to the NUGGET in case a certain candidate is elected sheriff. We have not said one word to any of the candidates about the advertising and don't expect to. Let the people elect a good man to this office, regardless of who are his friends or foes. The NUGGET will be able to take care of itself. Let the county's interests be looked after. Not individuals.

For some reasons A. W. Meaders refused to let any more colored people be interred at their old burying ground property owned by him out in Wahoo district, so we are informed. This caused Mrs. Mary Hutcheson to donate the colored people of that neighborhood an acre to be used for that purpose, and the darkies buried their first lost one the other day in the new cemetery very close to where it is said that Mr. Meaders is going to build him a residence.

Women can certainly say things that make a man look very mean when they take the notion. The other day a lady of our county, who desires to be separated from her husband according to law, was asked by her attorney what he must say in her application for divorce—that some alleges of mistreatment or something must be made or it would not be granted. The lady quickly replied that "he is so mean that they turned him out of the Masons." The lady was satisfied that this was sufficient for the jury of her country to untie the loop of matrimony.

It has been reported quite a number of times that Capt. Eugene Mayne, of London who became so much interested in the mining industry in this section some time ago, would return, but failed to put in his appearance each time. It seems now more favorable than ever according to the reports of those mostly interested in his arrival. He was to have sailed on the 9th inst. and if nothing unforeseen occurred would arrive here on the 5th of next month. Capt. Asbury who is very much interested in his coming, says that he will be here, so we are reliably informed, with ample money to take all property bargained for. Another party, who desires this large amount of mining property, is also on the rush to get here. If he reaches here before Mr. Mayne he will get what he wants. First come, first served, is Capt. Asbury's motto.

Dahlonega Nugget.

Good Advertising Medium.

VOL. IX—NO. 41.

Devoted to Local, Mining and General Information.

DAHLONEGA, GA., FRIDAY, SEPTEMBER 30, 1893.

W. B. TOWNSEND, Editor and Proprietor.

One Dollar Per Annum.

McELREE'S Wine of Cardui

has demonstrated ten thousand times that it is almost infallible

FOR WOMAN'S PECULIAR WEAKNESSES,

Irregularities and derangements. It has become the leading remedy for this class of troubles. It cures a wonderfully healing, strengthening and soothing influence upon the menstrual organs. "Whites" and failure of the womb. It stops flooding and relieves sup-

pressed and painful menstruation. For Change of Life it is beneficial. It brings children into the world safely. It invigorates, eliminates, strengthens and gives general tonic. This great remedy is offered to all afflicted women. Why will any woman suffer another minute with certain, reliable relief. Wine of Cardui only costs \$1.00 per bottle at your drug store.

For advice in cases requiring special directions, address, send stamps to the "Ladies' Advertiser," The Chattanooga Medicine Co., Chattanooga, Tenn.

Rev. J. W. Smith, Camden, S. C., says: "My wife used Wine of Cardui at the time of falling of the womb and it entirely cured her."

SOUTHERN RAILWAY.

Weekend Schedule of Passenger Trains in Effect August 1, 1893.

The stars and stripes were hoisted last week over the city public schools in Atlanta.

An inventory has been taken of all the prizes captured by Dewey at Manila which amount to \$1,500,000.

The city council of Blue Ridge has decided to have hog pens and out houses moved from the front streets in that town.

Several thousand acres of land have been procured near Lithonia Springs, Georgia, upon which will be established the new Menonite colony.

Fifty-four were entombed in a mine near Brownsville, on the 23rd. There were 140 men in the mine at the time the explosion occurred.

Mrs. F. A. Stocks, who died recently at Greensboro, will her estate of \$10,000 to the Home Mission board of the Southern Baptist convention.

An exchange very truthfully says, that the girl who burns her hair and powders her face and sits in the church choir is not always the one who washes dishes at home.

It seems that the name of W. R. Leaken, a republican, who was put on the populist ticket for associate Justice is kicking about it, and is trying to find out who had in done.

The Second Georgia boys were given a grand ovation by the citizens of Atlanta when they reached there the other day. The cannons boomed, the orators roared and the soldiers were given all the good things they could eat.

If you read an advertisement to the effect that a certain firm in a city will send you for one dollar a tinted engraving of the battleship Maine—said engraving approved by the United States Government—don't send the dollar. They will send you a two-cent revenue stamp says an Exchange.

The Second Georgia has taken up quarters at the Exposition building and will remain there until paid off. According to the program each company will be sent to the town where it was organized and the men given a furlough of thirty days. Then they will return and undergo a medical examination and be discharged.

When you fix your ticket write "against" electing Judges and Solicitors by the people. Judges nor Solicitors should not be put in a position to have to travel from house to house and beg for votes. When they do they will be asked to contribute money for liquor and be one of the boys generally. Then courts will be a mockery at justice.

When the soldiers are discharged now they are examined to see if they have received any injuries or contracted any disease while in the service. This prevents any of them who are found to be sound, from coming in years afterwards and making false statements and drawing a pension. If Uncle Sam had adopted this rule during the other war it would have saved the government from paying out millions of dollars for unjust claims.

We are reliably informed that politics are considerably mixed in White county. Mr. Oaks, Col. Underwood's opponent, who was defeated in the primary for the Senate is now working for Mr. Courtney, and the Rev. Mr. West, who failed to be nominated for the legislature of that county by the populists, has recently declared himself a candidate for the legislature and is now making a heated independent race which will likely be the cause of the democratic nominees for that office being elected. There are so many hungry office seekers. If they can't get in the race one way they will make it another.

Let the Public Be Not Deceived.

Ed. NUGGET:

In an editorial in last week's paper you present the idea to the public that my circular announcement brings unreasonable charges against ex-ordinary Williams and that "no body believes it." Every sensible man knows I dare not lay myself liable for damages by publishing a thing not true and knowing as I do Williams' propensities for getting money and not working for it I certainly would not give him a chance to get damages from me.

You or any other person can examine the insolvent list in the ordinary's office and you will find that defaulters are on it July 1st, 1896, who are not July 1st, 1897 and the amount taken off is near \$250,000. Now where is that money? I have the reports of the Comptroller General and not one cent is shown from Lumpkin county of such funds while over thirty-three thousand dollars have been sent in from other counties for the year commencing Oct. 1st, 1896 and ending Sept. 1st, 1897. Because the grand jurors and finance committees failed to find these things it does not mean that they do not exist. I failed to find any trace of the insolvent taxes back of 1894 in the ordinary's office and had to go to the state capitol to find it. Williams don't deny the charges I made against him. Not one time does he deny it in his article last week which is too contemptible and vague to deserve reply from an honest man. If he is clear let him produce his receipt from our present ordinary for the tax executions he turned over to him and the amount of them and the receipt for the money he turned over to the School Commissioner and then let him get a showing from our County Treasurer of the amount he turned over to him and if it all amounts to \$1,379.91 I withdraw all charges I have made against him. The people will not accept his denunciation of me as a receipt for the funds in his hands unaccounted for and before this thing is settled every person in this county will know who has lied.

W. J. BURR.

B. W. Brown, of Atlanta, has moved into the academy building and will send his daughters to college here.

Have You Been Sick?

Perhaps you have had the gripe or a hard cold. You may be recovering from malaria or a slow fever; or possibly some of the children are just getting over the measles or whooping cough.

Are you recovering as fast as you should? Has not your old trouble left your blood full of impurities? And isn't this the reason you keep so poorly? Don't delay recovery longer but

Take

Ayer's Sarsaparilla

It will remove all impurities from your blood. It is also a tonic of immense value. Give nature a little help at this time. Aid her by removing all the products of disease from your blood. If your bowels are not just right, Ayer's Pills will make them so. Send for our book on Diet in Constipation.

Write to our Doctors.
We have the exclusive services of some of the most eminent physicians in the United States. Write without cost. We will give a prompt reply.

Address, Dr. J. C. Ayer & Co., Lowell, Mass.

What Shall Be Done

FOR THE DELICATE GIRL

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

Scott's Emulsion

The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain.

Never say you "cannot take cod-liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

50c and \$1.00; all druggists.

SCOTT & BOWNE, Chemists, New York.

The N. G. A. College.

The friends of the College will rejoice to know that she is moving forward with a bound unequalled in years. The students are comfortably located at the dormitory, mess halls and boarding houses. The literary societies are well organized and every thing in proper shape to insure earnest effort and successful work on the part of both students and professors. At this writing there are 185 names on the college register. This is exactly the number that entered college during the whole of last year. Five states—South Carolina, Georgia, Florida, Alabama and Tennessee—are represented. There are students here from fifty-six counties in Georgia. They are as follows:

Lumpkin, Dawson, Towns, Habersham, Pickens, Pulaski, Cobb, Fayette, Gwinnett, Hart, Bartow, Henry, Sumpter, Screven, Hall, White, Rabun, Cherokee, Richmond, Walker, Campbell, Butts, Coweta, Jefferson, Walton, Greene, Decatur, Madison, Washington, Dodge, Newton, Clayton, Forsyth, Glenn, Bulloch, Bradford, Lincoln, Irwin, Berrien, Chattahoochee, Jasper, Macon, Oconee, Fulton, Spalding, DeKalb, Jackson, Rockdale, Coffee, Hancock, Burke, Morgan, Monroe, Whitfield, Murray.

The Charge Against Col. Underwood Explained.

Ed. NUGGET:

You state in your last issue that Mr. Allison Smith had called at your office and reported to you as editor that Col. Jos. Underwood had signed a libel in White county for remarks made concerning a lady in this county. Almost every citizen of White knows what matter Mr. Smith refers to. The lady is still living and is my sister. The incident occurred 31 years ago before Mr. Underwood attended school at Dahlonega while nothing but a lad. When young Underwoods' attention was called to the matter and becoming satisfied that the remarks he had made (on information of others) were untrue and unfounded he immediately retracted the remarks and apologized for the same.

The incident had passed from the minds of the people until unearthed for political purposes by Mr. Smith in order to defeat Mr. Underwood for the Senate. In fact there was no libel. There was no record in the courts. The apology was satisfactory to the friends and relatives of the lady, many of whom are supporting Mr. Underwood now. We learn that Mr. Smith furnished the item to you against the wishes of Mr. Courtney, Mr. Underwood's opponent. Now as to the candidity of these gentlemen they are both my friends. Mr. Courtney is my neighbor, and no one deprecates the method used by Mr. Smith more than I do, which cannot possibly be of any benefit to either one, as the qualification and fitness are the only questions.

Yours respectfully,
JAMES McATEE.

IT IS A LIE.

DAHLONEGA, GA., Sept. 22 1898.
To the voters and good citizens of Lumpkin County.

It is reported that one John F. Bigbee and wife are at Dahlonega under treatment for poison and that they claim I did it.

The object they have in view is to defeat me in the present race for sheriff. I want to say it is a lie and that if they have any poison in their system they took it on purpose to make it have effect, and so I hope they have taken more than they aimed to do and that they may never get over it.

Just before the last county election they reported me to the revenue department and had their officers search me as often as four times, all inside of three weeks, knowing at the time that they were LYING from start to finish. Everybody that knows me knows it to be false, and the last words that Mr. Kellogg said to me before leaving was that Bigbee was the meanest man he had ever met and that I had better watch him "because," said he, "he will either shoot you in the back, poison you or some of your family or burn you up." So I told him (Bigbee) of it not long since while having a little racket, and he wants to make it appear that it is working the other way.

I cannot say I do not mind what he says, because I do. I have more fear of his or her meanness than all the rest of the human family; because I believe from my heart that either of them will stoop to any kind of dirty work.

In conclusion, I will say that I don't think that the people who know me and the circumstances will believe I believe from my heart that either of them will stoop to any kind of dirty work.

Yours truly,
W. J. T. HUTCHESON.

Don't Neglect Your Liver.
Liver troubles quickly result in serious complications, and the man who neglects his liver has little reason for health. A bottle of Brown's Iron Bitters taken now and then will cure it permanently. Strength and vitality will always follow its use. Brown's Iron Bitters is sold by all dealers.

Tax Assessment.

STATE OF GEORGIA—Lumpkin Co.
Court of Ordinary sitting for County purposes.

To John E. Stargel, tax collector of Lumpkin county. It is ordered that in addition to the State tax that you collect the following funds for county purposes for the year 1898, on the one hundred dollars, to-wit:

Bridge 18,
County 18,
July 17,
Jail 10,
Pauper 4-9-10.

Total — 67-9-10 on hundred dollars Given under my hand and official signature, this Sept. 22nd, 1897.
W. H. C. TATE,
Ordinary.

NOTICE TO BRIDGE CONTRACTORS.

Sealed bids will be received by me, at my office in the court house in Dahlonega, Ga., until 12 o'clock, on or the 18th day of October, 1898, at which time and place said bids will be opened in the presence of all bidders who are present, for the furnishing of all material and building of a public bridge across Chestate River in Lumpkin county, said bridge, the site known as Bearden's Bridge. Separate bids will be received, and under separate seal, for both iron and wood structure. Said bridge whether built of wood or iron to be built on the pillars, or piers now standing, and to be one span ninety-six feet long with track or passage 12 feet wide. If built of wood said bridge to be of heart pine and oak lumber and enclosed on side and covered. About one-half the necessary lumber (being new and unused) being now at said site and belonging to Lumpkin county, a contractor will be required to use same, paying said county the original cost, (including hauling) there for.

The right is reserved to accept a bid for either an iron or wood structure as may be determined by me after said bids are opened and examined.

Full plans and specifications of both an iron and wooden structure can be seen of file in my office. Payment to be made on the 20th day of December, 1898, or as soon thereafter as the work is completed and accepted by me.

Good sufficient bond will be required of the successful bidder in terms of the law. The right to reject any and all bids reserved. This Sept. 20th, 1898.
W. H. C. TATE,
Ordinary of Lumpkin County, Ga.

GEORGIA—Lumpkin County.

Sarah J. Stargel having applied to me for the setting apart to her of a twelve months support out of the estate of W. C. Stargel, late of said county, deceased, and the said appraisers setting apart the same being of file in my office. All persons concerned are hereby notified that I will pass upon the same at my office in Dahlonega, Ga., on the 3rd day of October 1897, at 10 o'clock, a. m. This Sept. 9, 1897.
W. H. C. TATE,
Ordinary.

ANNOUNCEMENTS.

FOR THE SENATE.

At two different meetings of the populists of this county they have said that I am the choice to make the race for the Senate of this State. I have accepted the nomination and now respectfully ask the voters of the three counties for their support at the ballot box to be held on October 18, 1897.
W. H. COURTNEY.

According to the system of rotation which obtains in the 32nd Senatorial District, the Senator to represent said district in the next General Assembly is to be selected from the county of White. Responding to the expressed wish of the people of said county, I announce myself a candidate for the Senate at the election to be held on the 18th Wednesday in October next.
J. W. H. UNDERWOOD.

FOR CLERK.

To the voters of Lumpkin county: I am a candidate for re-election to the office of Clerk of the Superior Court. I am very thankful to the people for their support in the past, and will, if re-elected, serve them faithfully and to the best of my ability. I respectfully solicit the aid of all.
JOHN H. MOORE.

I respectfully announce myself as a candidate for clerk of the superior court of Lumpkin county and ask the support of all voters regardless of their race or politics and promise if elected to serve them to the best of my ability.
G. C. WALLACE.

FOR TAX COLLECTOR.

To the voters of Lumpkin County. I announce myself as a candidate for re-election to the office of tax collector. Thanking you for past favors and hoping my efforts to serve you for the past year will meet your approval, and if so I feel sure I will have your support in the coming election.
J. F. SARGENT.

We are requested to announce the name of George W. Walker, Jr., as a candidate for tax collector of Lumpkin county who promises to discharge the duties of said office to the best of his ability and to the satisfaction of all if elected.

FOR TAX RECEIVER.

We are authorized to announce the name of J. A. Anderson for tax receiver of Lumpkin county at the ensuing election in October.

The friends of C. W. Stargel respectfully announce his name as a candidate for Tax Receiver of Lumpkin county, hoping that he will receive the hearty support of all as we know that he is fully competent to discharge the duties of said office.

MANY VOTERS.

FOR THE LEGISLATURE.

To the voters of Lumpkin county: Having been solicited by many friends, I hereby announce myself a candidate for the legislature, and if elected promise the people to make them a faithful and efficient member, asking the support of the voters.
S. M. GRIZZLE.

I respectfully announce myself a candidate to represent Lumpkin county in the next legislative of this state and

will appreciate the votes of my friends and if elected will do all I can for the county's best interests.

F. M. WILLIAMS.

FOR COUNTY TREASURER.

To the voters of Lumpkin county: I take this method of announcing my candidacy for re-election to the office of county treasurer and hope to receive a hearty support from you. Thanking you for past favors and hoping for a continuance of the same, I am yours respectfully.
E. F. JACKSON.

We are authorized to announce the name of W. H. Reed as a candidate for County Treasurer who proposes to discharge the duties of such office to the best of his ability and endeavor to please all.

FOR SHERIFF.

At the request of many voters I have decided to make this race for sheriff and ask for the vote of every voter in the county and if elected I shall try to fill the office to the satisfaction of the people.

W. J. T. HUTCHESON.

To the voters of Lumpkin: I announce myself as a candidate for Sheriff of Lumpkin county and respectfully ask the voters to give me their support. If elected I will faithfully perform the duties of such office to the best of my ability.

Respectfully,
J. M. DAVIS.

To the voters of Lumpkin county: I hereby announce myself as a candidate for sheriff of Lumpkin county and earnestly ask your support at the ballot box at the October election, promising to make a faithful officer if elected.
J. M. DAVIS.

To the voters of Lumpkin county: At the solicitation of my friends I announce myself a candidate for sheriff at the October election and earnestly solicit your help at the polls.
Respectfully, S. D. GRINDLE.

To the voters of Lumpkin County: At the solicitation of many friends, I hereby announce myself a candidate for Sheriff of Lumpkin county. I am in the race to the end, and if elected, shall do all in my power to make the people a faithful and efficient officer.
R. N. MAPS.

To the voters of Lumpkin county: I hereby announce myself a candidate for sheriff of said county soliciting your liberal support at the polls. Hoping my candidacy will meet your approval and that I may receive your hearty support which will be long remembered and highly appreciated, promising election to discharge the duties of said office in an efficient obliging manner.
J. W. WALKER.

FOR COUNTY SURVEYOR.

I hereby announce myself a candidate for the office of Surveyor of Lumpkin county and will appreciate any assistance which the voters will give me in the coming October election.
A. W. CAIR.

GOTO

GOODMAN McGUIRES

COFFIN'S, CASKETS

COFFIN SUPPLIES.

All sizes and prices on hand at the Goodman Hughes Corner, Dahlonega.

Also All Kinds of GENERAL MERCHANDISE,

Sept 29 98

Having bought out the interest of G. McGuire I am still at

the old stand with a Complete Line of DRY GOODS, SHOES AND GENERAL MERCHANDISE.

MINING

Supplies a Specialty

J. F. MOORE.

THE NUGGET.

DAHLONEGA, GA., SEPT. 30, '98.

If you desire to rent rooms call on G. McGuire.

Col. Charters attended the Superior Court in Towns county this week.

Mrs. Nancy Wimpy and Mrs. L. Q. Meaders were quite ill last week.

An expert book keeper has been here for several days checking up the old books of the Hall Mds. Co.

Call on G. McGuire at the Hughes corner for your cheap groceries and other goods that you may want.

Mrs. H. C. Cartledge has returned from a delightful visit to relatives and friends in Gainesville, Harmony Grove and other places.

Dr. Cotter who has been spending some time at Porter, passed through Dahlonega last Monday on his way home to Barnesville.

Marshal Bruce has had some of the side walks graveled within the past few weeks preparatory for fall and winter travel. They needed it badly.

We are informed that one of the new Company's asking for a charter, proposes to erect mills with 100 stamps. This will be a big thing. Won't it?

If you break your watch during next weeks election or stretch the chain step over to G. H. McGuire, the jeweler and have them repaired and made good as if new.

The Atlanta Weekly Journal will hereafter be published semi-weekly, all for one dollar. The Journal is an excellent paper and is always a welcome visitor.

We saw Capt. Woodward, of Dahlonega, and Wm. Free, of Walker county, meet the other day for the first time since the war. It was certainly a happy meeting.

The ordinary has appointed the managers of the election for the Dahlonega district. They are as follows: Capt. F. W. Hall, republican, W. J. Worley, democrat, Capt. J. W. Woodward, populist.

Mrs. Bertie Buckhaman, of Washington, D. C., was in the city several days this week visiting her grand mother, Mrs. Sarah C. Boyd. Mrs. Buckhaman is the daughter of the late Col. M. G. Boyd, deceased.

We understand that it is the intention of Judge Tate to have the pillars for the Bearden's bridge built some five or six feet higher. Then this will be above high water mark and the structure will not be washing away every few years.

We failed to note the presence in our town last week of Col. John B. Atkinson, of Earlinton, Ky., for the reason that we were sick and unable to get out much to see who arrived or departed. The Colonel was here looking after his large mining interests.

Don't be guilty of doing a thing next Wednesday that you would be ashamed for the people to know, or violate the law and lay yourself liable to be prosecuted. Refuse to drink any of their liquor and you will not get into trouble. None of the candidates will pay your fine.

Col. Charters went down last week and succeeded in getting all the revenue cases from Lumpkin county that were set for trial on the 4th and 5th of October continued. This will give many defendants and witnesses from this county a chance to vote in Wednesday's election.

A certain citizen of this county who donated all he had to his wife in order to draw a pension from the State, had to be left out of the jury box at the last time of the revision because his name didn't appear on the digest. This man had always served on the grand jury. We would hate to have to pursue this course in order to draw money from the State and be put in a position that we would have no voice in the county affairs whatever.

Fresh cheese at G. McGuire. Fred Harrison and lady are here from Ducktown.

Merchant Moore paid a flying visit to Gainesville last week.

John Jackson, of White, was bound over Wednesday for illicit distilling.

Henry McGuire amused our citizens the other day by having a quarter of a mile foot race with his calf on the public square.

We understand that Mr. Edwards, the school house contractor, expects to move his family to Dahlonega. We hope that it is true.

Remember if you have any jewelry work needed done that G. H. McGuire is the man to call on. He will do you honest work at fair prices.

Cherry and apple trees are blooming for the second time this year. Oh what a glorious country we live in. A climate where trees produce fruit to be stored away for Christmas and flowers to place in the lady's vases, all in the same year.

Ligon, but do not be bothered in your dreams. Francis Seabolt, residing in Chastetate district has killed this year 17 rattlers and 19 pilots on his farm. No use to become alarmed up there now for the snakes in that section surely must be all dead.

The large number of school boys seem to be nice and clever and well behaved. Many of them are very handsome causing some of Dahlonega's fair ones to attend church more than they did before their arrival, as well as some of the old maids and married women.

Married women should remember that it is very impolite to turn and look back while on the public streets to see if a married man is eyeing them, more especially when they are coming from church. It shows that they have not got the love of God in their hearts but the love of man.

One fellow was in from the country last Monday with a sufficient supply of liquor to do him until he returned to his still. He had the bottle or jug in his bosom which looked as large almost as a mill stamp. He used but little of it while here and got off without going to the booze.

Our public school teachers will be sorry when they learn that the State School Commissioner says that teachers will not receive any pay for the third quarter until the 15th of December, unless counties arrange for same, as the state will have no money until the state taxes are collected and paid in.

When you write an article for the NUGGET please be short and brief. There is no use to begin writing about a subject like a person fixing to dig up a tree—away off from it so as to get at the roots. This is not necessary in writing a communication. A short one will be read every time and with a great deal more interest than a long one.

Mayor Price charged Will Anderson, col., one dollar and cost for fighting the other day. Their colored preacher will have to move here if he keeps his members all straight. While the big meeting was going on here one colored sister would attend services every night and sing religious songs all through the day. After the meeting closed and the divine left all her music ceased and last Sunday was out in the streets quarreling and abusing her "daddy."

S. M. Grizzle, the republican candidate for the legislature from Lumpkin, spent a short time in our office last Tuesday. He says that he thinks that his chances are good but in order to make the thing sure will swear out a warrant against both of his opponents and have them put in jail. He says that they have both charged each other with stealing and knows that they are the only witnesses needed, for they will swear enough against each other for both to be found over and while they are in jail he will go to the legislature.

Every man whose announcement is in this issue is still in the field.

Donaldson and Stringer got the contract to build the pillars for the new school house.

Miss Maggie Quillian, of Belton, is spending a few days here with her relatives, Mr. and Mrs. B. R. Meaders.

James Elliott was also down from the Hamby mine in White last week. He is engaged in tunneling through a solid rock and is driving four or five inches more a day than any one that has ever had charge of it yet.

Ben Allison, who shot at King during a raid in Chastetate district, some months ago, was tried before Esquire Spencer last Tuesday and required to give a bond of \$300 for his appearance at the Superior Court. Arrest was made by Constable James Robinson.

DAHLONEGA, GA., Sept. 24, 1897.

Ed. NUGGET:—Please state that I have authority from Hon. E. A. Ancier, U. S. District Attorney, to announce that witnesses in this county summoned to be in U. S. Court on October 4th and 5th, need not appear until the 6th. This will enable them to vote before leaving home.

W. A. CHARTERS.

Since preacher Gibson wrote a love letter to a married woman in Atlanta, and a Texas minister poisoned his wife so as to marry a Kansas girl, and the fellow in Dahlonega sent out an invitation for some certain women to call on him in the second story of a building, which created so much talk among the old women of our town, no lady here will enter a second story business house either in Dahlonega or down at Gainesville now alone with a clerk or manager unless they (the clerks) are not less than a hundred years old. What will the old women have to talk about now?

A good joke is told on a certain candidate residing in Chastetate district. This "dear lover of the people" can't swim. During the heavy rains he could not farm any and went out to canvass the country. Coming to a swollen stream to be forced he would take up a fence rail and place it across the saddle in front of him and move in. In case of an accident he meant to cling on to this rail and risk his chances of being washed ashore. While the other candidates were housed up during the several days of continual rain this man was on the go all the time.

Last Monday soon after Mr. W. J. Burt arrived he was approached by Capt. W. H. McAfee on the streets and they came very near colliding. Mr. McAfee had become offended at some allusions made to him in a campaign circular circulated by Mr. Burt. Mr. McAfee closed his fist and Mr. Burt shed his coat and they were just in the act of hitching when friends interfered and the big crowd present had to disperse very much disappointed at not seeing a fight. Mr. Burt told us the next day that Mr. McAfee had misconstrued the meaning of the allusion. He stated that he meant no reflection on Mr. McAfee as Senator, only had reference to his political career since.

A certain candidate for sheriff passed by New Bridge the other day and stopped at the house of Sam Teal to treat on liquor. Teal and his wife both got drunk and the husband went down to the store. His wife followed and begged him to go back home. They both started together and before reaching home became involved in a row. Teal knocked his wife down and began to beat her. She all the time stabbing him with a knife. They were parted and after getting home the husband knocked his wife down again and she again used her knife on him. Dan London went up to Teal to stop the row whereupon Teal seized his gun and ordered London off. London left the house and Teal followed swearing that he would shoot him. Teal followed London to the iron bridge when he shot at London but the lead missed its mark. Teal has left for parts unknown. All this trouble caused by a candidates liquor.

Several important articles crowded out this week.

James B. Anderson has withdrawn from the sheriff's race.

Mrs. Ingersoll spent several days up in White county this week.

Vote for good honest, sober and intelligent men for county officers next Wednesday, and there will be no trouble in getting along with our county affairs for the next two years.

Those who attended the colored camp meeting at Cumming last week said that there was much drinking and bad conduct. People will have to abandon camp meetings and serve the Lord at home.

We are glad to state that the gold watch and chain advertised in last week's NUGGET as being lost has been secured. It belonged to Mr. A. W. Brockway, a nice clever gentleman who lives at Gadesdon, Ala. Mrs. G. W. Jenkins found it and secured the \$10.00 reward.

The other day a certain candidate appeared in town who it was understood had some free liquor, and it was right amusing to see what a crowd he had after him both white and black, some being church members. They resembled little boys following the bear man. No telling where this liquor man could have led these men to.

T. V. Cantrell, of the Hamby mine in White county was down last Saturday and remained over until the middle of the next day to hear Mr. Jamison preach. Mr. Cantrell was sent for to do some mill work but was unable to remain as he has a steady job up there at good wages. He understands putting up a stamp mill and is generally wanted when one is to be built.

Remember that the NUGGET has only one price for work and takes no advantage of a man because he is a candidate. We published county officers announcements for three dollars (always in advance) and agreed to print a thousand tickets. This contract has been carried out. Then we charged and received \$5.00 in advance for Senators announcements and got one dollar extra for their tickets. Not a single candidate owes us a nickel. We mention this to convince you that we treat all alike.

Ladies, it is useless for us to publish any more temperance programs, more especially until the election is over. But few women drink and it is useless for you to lose your time and energy in trying to make sober men, when the male members failed to take an active part in the interest of temperance this year. They will go and encourage whiskey men by voting for them. Then why is it any use to meet at the church and sing, talk and pray for temperance any longer when a candidate can take up a jug of whiskey and get up a bigger male congregation most any time in the woods than you ladies can by the ringing of the bell at the church?

Esquire Wm. Scott, of Davis' district, was in Dahlonega Tuesday relating a strange occurrence nightly at his house which he is unable to understand. He said on the night of the 7th of January a light, resembling a star, could be seen moving about in the bed room, which disappeared and was not seen again until a few nights ago. Every night last week and up to Monday night of this week it appeared and could be seen by all of the family, moving first from one side of the house and then to the other, occasionally giving a flash which brightened up things for some distance around. Sometimes it moved up and down. He endeavored to make his family believe that it was a light from the moon so as to keep them from being alarmed, but there are no cracks in the house through which the moon can shine. For hours he watched it Monday night, and got up and went close to it to see if it would disappear but it was as bright as ever until he lit the lamp. The question is, what is it?

Mrs. Cooper, of Banks county, is on a visit to her son here, Rev. W. H. Cooper.

G. McGuire has received his new stock of goods and is ready to sell anything that is wanted in the mercantile line.

Lew Christy sent off several hundred pounds of sample ore from the Garnett mine last week, to its owner, Mr. Mann, New York.

The state and county taxes for Lumpkin county amounts to the same they did last year as will be seen by the ordinary's notice elsewhere—being \$1.30. Judge Tate says that the taxes would not have been exceeding \$1.10 at no year since he has been in office had it not been for the increase in the state taxes.

Rev. C. A. Jamison, of Atlanta, was certainly a welcome visitor to Dahlonega and his lectures and sermons delivered while here were listened to with much interest by a large congregation every time he appeared in the pulpit. It has been eleven years since he was here and all were glad to see him. He returned to his home last Monday.

We understand that certain candidates have left their liquor for Wednesdays use with certain Esquires or Notaries in the country. Some of them are pillars of the church but this doesn't keep them from using it on election day and afterwards go to church and put on long faces. They can debase mankind and succeed in deceiving the people here but they will reap their reward when the devil gets them and puts them in his "mansion."

There is one candidate that is certain to be elected and that is A. W. Cain who is making the race for county surveyor without any opposition. He is a young man that is qualified to perform the duties and the people know it and want him to have it. He will make a good bond and when the ordinary has charge of any surveying desired to be done he should give it to the county surveyor and not to outside parties. In this way we will get a good man in office and be able to keep him or someone else as fit.

We are very sorry that Col. Farrow when he passes through Dahlonega does not call on us like he used to. We are not mad because we look sour. We've got the "yakler janders." What we have said in reference to the mail matters is nothing more than any newspaper should have said that is true to its country. If we lived in h—l we would fight for the devil when convinced that his antagonist was working against the devil's interests. This change in the mail routes if let go will be to the disadvantage of Dahlonega and likewise to us.

By the time that Bearden's bridge is completed Judge Tate will have Col. Farrow's new road from Dock Andersons to the bridge made, and by next summer the Porter Springs mail will be changed from Dahlonega to run to Murrayville. Then we won't have any direct communication with Porter, Gates or Willow. The news will either have to be sent by hand or wait until the letter can be carried around via Auraria, New Bridge, Murrayville and back up the road within three miles of Dahlonega and on by Dock Andersons to the Springs.

All signs fail some times. According to an old saying frost comes in three months from the time the first catbird hollers which should have been to see us by this time as it has been more than ninety days since the first one sounded the note of warning, and no frost yet. In talking to an old citizen the other day in reference to the matter he stated that we would see no frost until the cockleburrs all matured and this they haven't done yet. How it is that time is given cockleburrs to all get ripe, when they are not fit for either man, beast nor any kind of an insect to eat, we cannot understand, when even all kinds of vegetation is deadened by the frost, ripe or not ripe.

M. Chester, who has been wrestling with the jaundice is up again and able to resume his duties at the mines.

James McAfee, one of White counties most prosperous farmers and weekly reader of the NUGGET, paid us a pleasant visit last Monday.

A large lot of nice hats at G. McGuire's to be sold at wholesale prices. A good hat for 25 cents, Best Stetson for \$3. Also a good line of caps. Cheapest in town.

A fourteen-year-old negro registered so as to vote in the next election. If some of them who have been registering illegally don't mind they find their way to the chain gang.

There are a lot of old poor horses in this county that would pay the Chicago sausage man a big profit to send down after them. He could buy them very cheap and make them into sausage and ship it back to us at ten cents per pound.

We understand that some of the most "public spirited" citizens now asking the citizens to elect them to office are going through without spending a cent, not even for tickets. What a difference there are in candidates. The one running for surveyor, who has no opposition at all had us print him a thousand.

Probably less than half a dozen boys who came here to go to college, have returned. They had been raised up with a silver spoon in their mouths and a quiet place like Dahlonega without any theatres was too dull for them. Once excused was that he had been used to having everything he wanted and could not get it here, while some of the others drank liquor and slipped off to keep from being dealt with by the faculty so we understand. Those that think they can come to the Dahlonega college and drink liquor will find that they are mistaken in a very short while.

We understand that Col. Farrow has written a long article explaining why the mail route from here to Gainesville was changed and the upper one discontinued. This was all unnecessary as our people are not blind. We don't care what is written or what is said the citizens know that it's better, quicker and safer for the mail to go the old route and cross the streams on bridges than go two miles farther across the country and have to ford two creeks, making the mail arrive here an hour later than by the bridge route. Even if the distance was the same it would be best. Col. Farrow knows this. If he didn't have an eye to having the Porter Springs route changed from Dahlonega to Murrayville by next season he would be standing on his head about it. Any one knows that if the Colonel didn't expect this last change that he would not consent for a schedule to be made for the mail to arrive an hour later next season than now to his guests at Porter. Col. Farrow wouldn't have worked up this new route had he not been mad at the present mail carrier to Gainesville because he wouldn't wait for the Porter Springs mail that was late a few times. Then he was displeased because our citizens wouldn't help him build a telephone line. Now he is making a move to test down Lumpkin's interests and build up Halls. He says that Murrayville, which has only two little stores, has the appearance of a lively town since the change. Look at the disadvantage it puts us to get our papers or letters to Half Way since the tri-weekly mail from here to Gainesville has been abolished. That office is less than seven miles of Dahlonega, and to get a letter or paper there it or they have to be carried 78 miles. Down to Gainesville, 27 miles by the new change, then up to Laula 14 miles, from Laula to Cleveland 22 miles. Then 14 miles across the country to Half Way, arriving five days after leaving Dahlonega. If the tri-weekly is not soon re-established we will lose all our subscribers over there, and when writing a letter will have to put it in a buckskin envelope.

Monitors and Torpedo Boats.

A monitor is a peculiar battleship, having a low freeboard, light draft and flush deck and guns mounted in heavily armored revolving turrets placed on the deck. A monitor is a floating battery more than a ship and derives its name from the first of the class ever constructed, which battled with the Confederate ironclad Merrimack in Hampton Roads. The original Monitor was described as resembling a great cheesebox on a plank, but it did valuable service and revolutionized naval warfare.

Torpedo boats are the racers among the war vessels. They are swift, small craft, designed to launch torpedoes near large vessels. In order to do its work properly the torpedo boat must go close to the object of its destructive designs and having placed the instrument of destruction in position its next object is to get away and out of reach of the enemy. A torpedo boat must be small, and the men who form its small crew must be absolutely fearless.

A torpedo boat catcher is designed expressly to catch or to destroy torpedo boats. In order to be fitted for the work the boats are larger than the torpedo boats. They can make better time and carry heavier armament.—New York Tribune.

Dr. J. H. McLean's Liver and Kidney Balm is an unfailing remedy for all diseases of the liver, kidneys or urinary organs. It is a certain cure for Bright's disease, dropsy, diabetes, gravel kidney weakness, incontinence of urine, bed wetting in children, biliousness, liver complaint and female troubles. The difference between sentimental music and devotional music is, one awakens tender emotions while the other awakens hope aspirations.

You think he has changed—he never was so sour tempered, cross and irritable before. No he is the same man, but his liver is out of order. He needs Dr. J. H. McLean's Liver and Kidney Balm. It is reliable remedy for stimulating the torpid liver improving the digestion and removing bile accumulations. A short treatment with this medicine will make him once more healthy, cheerful and even tempered. Price \$1.00 a bottle. J. F. Moore

A NEW TRIUMPH.

The Dreaded Consumption Can Be Cured.

T. A. Slocum, the Great Chemist and Scientist, Will Send to Sufferers, Three Free Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the generous offer of the honored and distinguished chemist, T. A. Slocum, M. C., of New York City.

He has discovered a reliable and absolute cure for consumption, and all bronchial, throat, lung and chest disease, catarrhal affections, general decline and weakness, loss of flesh and all conditions of wasting away; and to make its great merits known, will send three free bottles of his newly discovered remedies to any afflicted reader of the *New York Herald*.

Already his "new scientific system of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it not only his professional, but his religious duty—a duty to which he owes to suffering humanity—to donate his infallible cure.

He has proved the "dreaded consumption" to be a curable disease beyond a doubt, in any climate, and has on file in his American and European laboratories thousands of "heartfelt testimonials of gratitude" from those benefited and cured, in all parts of the world.

Catarrhal and pulmonary troubles lead to consumption, and consumption, uninterrupted, means speedy and certain death. Don't delay until it is too late. Simply write T. A. Slocum, M. C., 93 Pine Street, New York, giving explicit and postoffice address, and the free medicine will be promptly sent. Please tell the Doctor you saw his offer in the *New York Herald*, Jan. 28.

DR. HATHAWAY & CO., SPECIALISTS

(Regular Graduates.)

Are the leading and most successful specialists and will give you help.

Don't Sacrifice

Future comfort for present seeming economy, but buy the sewing machine with an established reputation, that guarantees you long and satisfactory service.

ITS PINCH TENSION

TENSION INDICATOR, (device for regulating and showing the exact tension) are a few of the features that emphasize the high grade character of the White.

Send for our elegant H. T. catalog. WHITE SEWING MACHINE CO., CLEVELAND, O.

Corn

is a vigorous feeder and responds well to liberal fertilization. On corn lands the yield increases and the soil improves if properly treated with fertilizers containing not under 7% actual

Potash.

A trial of this plan costs but little and is sure to lead to profitable culture.

All about Potash—the results of its use by actual experiment on the best farms in the United States—is told in a little book which we publish and will gladly mail free to any farmer in America who will write for it. GERMAN KALI WORKS, 93 Nassau St., New York.

Potash

is a necessary and important ingredient of complete fertilizers. Crops of all kinds require a properly balanced manure. The best

Fertilizers

contain a high percentage of Potash.

Webster's International Dictionary

The One Great Standard Authority. No writer, editor, or printer can afford to be without it. It is the standard dictionary of the world.

THE BEST FOR EVERYBODY

It is easy to find the word wanted. It is easy to ascertain the pronunciation. It is easy to trace the growth of a word. It is easy to learn what a word means.

The New Orleans Playhouse says: "I have been using Webster's International Dictionary for many years, and I can say that it is the best dictionary I have ever used."

The Atlanta Southern Cultivator says: "Webster's is the standard dictionary of the world."

A Wonderful Discovery. The last quarter of a century records many wonderful discoveries in medicine. But none have been so important for humanity than that sterling old household remedy, Brown's Iron Bitters. It seems to contain the very elements of good health, and neither man, woman or child can take it without deriving the greatest benefit. Brown's Iron Bitters is sold by all dealers.

SILVER OR GOLD.

Better than either is a healthy liver. If the liver is O. K. the man is O. K. His blood is kept pure, his digestion perfect, and he can enjoy life and act intelligently, and patiently upon the questions of the day. You all know what to do. You have known it for years. It is Simmons Liver Regulator.

For years you and your fathers have found it of sterling worth. It is and always has been put up only by J. H. Zeilin & Co. Take none but the genuine. It has the Red Z on the front of the wrapper, and nothing else is the same, and nothing so good.

THE ELDREDGE "B"

A strictly high-grade Family Sewing Machine, possessing all modern improvements.

Guaranteed Equal to the Best.

Prices very reasonable. Obtain them from your local dealer and

Eldredge Manufacturing Co.

BARTON OFFICE, 389 Broadway, N. Y. BELVIDERE, ILL.

A STRANGE CASE.

How an Enemy was Foiled.

The following graphic statement will be read with intense interest: "I cannot describe the numb, creepy sensation that visited in my arms, hands and legs. I tried to rub and bent those parts until they were sore, to overcome in a measure the dead feeling that kept taking possession of them. In addition, I had a strange weakness in my back and around my waist, together with an insupportable 'growing' feeling in my stomach. Physicians said it was creeping paralysis, from which, according to their universal conclusion, there is no relief. Once it fastens upon a person, they say, it continues its insidious progress until it reaches a vital point and the sufferer dies. Such was my prospect, when I saw an advertisement of Dr. Miles' Restorative Nervine, procured a bottle and began using it. Marvelous as it may seem, but a few days had passed before every bit of that creepy feeling had left me, and there has not been even the slightest indication of its return. I now feel as well as I ever did, and have gained ten pounds in weight, though I had run down from 150 to 120. Four others have used Dr. Miles' Restorative Nervine on my recommendation, and it has been as satisfactory in their cases as in mine."—JAMES R. RICE, La Rue, O.

Dr. Miles' Restorative Nervine is sold by all druggists on a positive guarantee. It is sent direct by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price. If your bottle is not sealed with red wax, express prepaid. It is free from quackery or dangerous drugs.

"Blight"

costs cotton planters more than five million dollars annually. This is an enormous waste, and can be prevented.

Practical experiments at Alabama Experiment Station show conclusively that the use of

"Kainit"

will prevent that dreaded plant disease.

Our pamphlets are now advertising circulars, bearing special evidence, free sent upon request, showing the results of these experiments in this case. Every cotton grower should have a copy. They are sent free for the asking.

GERMAN KALI WORKS, 93 Nassau St., New York.
